## STATE GUARDS FIRE INTO CROWD; DEATH TOLL IN RIOTS FIVE

**"Don't Arrest Them; Line Them Up and Shoot Them," Bystanders Shout as Guardsmen Charge Gang of Men and Boys--150 Arrests Made Thursday.**

BOSTON, Sept. 11.—Despite the efforts of state troops and volunteer policemen, rioting broke out afresh in the streets of Boston today, resulting in the death of one man and the arrest of scores of rioters.

The dead man is believed to be Raymond Barros, a sailor, who was shot to death in Tremont street by a volunteer policeman when he attacked a state guardsman.

So serious had the situation arising from the policemen's strike become that Governor Coolidge today dispatched a telegram to the secretary of war and to the secretary of the navy requesting that they be ready to send federal troops to Boston at once upon demand.

"I wish," telegraphed the governor, "that you would hold yourself in readiness to render assistance from forces under your command immediately upon appeal which I may be forced to make to the president."

BOSTON, Sept. 11.—A fresh disturbance in the police strike occurred today when state guardsmen fired on a crowd of men and boys near the subway entrance at Tremont and Boylston street. Several fell prostrate. The guard refused to move on when requested.

"Don't arrest them; line them up and shoot them," bystanders shouted to the soldiers.

Two men were found to have been injured, a member of the Merchant Marine and a sailor.

Another squad of guards charged a gang conducting a crap game on the common. The crowd started to flee, but the soldiers halted them and ordered them to hold up their hands. After rounding up 150 of the gang the guardsmen marched them to the police station.

The total casualties from last night's riot in South Boston when troops fired on a crowd was increased to four today by the death of Miss Margaret Walsh, aged 20, who was shot in the stomach. Twelve others are suffering from gunfire wounds.

## General Strike Threatened

There was also the threat of a general strike being called tonight which would effectively paralyze the city.

State guardsmen with fixed bayonets patrolled the streets today. Their advent on the scene last night while preventing further looting and highway robberies on the city streets resulted in a heavier casualty list than that of the first night of terror.

Three fatalities occurred at South Boston when the guardsmen fired into a mob numbering several thousand. Three of those wounded were women.

The South Boston shooting put a sudden end to lawlessness which for a time exceeded that of the previous night. The mob had so thoroughly smashed windows and looted the stores in this district that there was little for it to do in that direction and it gave itself up to attacks on the guardsmen.

The mob had previously stoned and beaten three volunteers before the arrival of the guardsmen.

## Captain Denies "Fire" Order

Consignor George A. Patterson, rector of St. Vincent's church, in an address to the crowd pleaded with the men to be orderly. But his efforts were futile for shortly afterward an organized gang, the members of which were armed with revolvers, took the head of the mob and began smashing windows.

While the confusion was at its height members of the mob began firing revolvers at the skirmish line of guardsmen from a nearby building. Standing in front of his men with his other officers, Captain Headley gave the order:

"Ready—aim."

Then someone shouted "fire."

The skirmish line fired three volleys, the first two over the heads of the crowd and the third somewhat lower. Five of those in the front ranks of the crowd sank to the ground.

Captain Headley and his men stated afterward that he did not give the command to fire. It was his intention, he explained to try and frighten the mob by the same tactics he had successfully used earlier in the evening.

It was claimed that some member of the crowd had cried "fire," and that the guardsmen had mistaken it for a command from their officer.

## IMPROVEMENTS AT HOSPITAL

**Association Spending \$3,000 to Make Institution One of the Best Equipped in This State.**

Improvements costing approximately \$3,000 are being made to the East Liverpool City hospital. Completion of the new work will place the city institution on a level with the most modernly equipped hospitals in the state.

Among the improvements recently completed or under contemplation are a new diet kitchen, children's ward, nursery and babies' bath, refrigerator and a new cement driveway to the rear of the institution. A new tennis court for the exclusive use of nurses and attaches of the hospital has been located on West Fifth street just opposite the hospital.

All modern appliances have been installed in the diet kitchen at the hospital, a member of the board of trustees said Thursday. Miss Helen Pike, head dietitian at the hospital, instructs classes of student nurses in proper cooking and preparation of food in this department.

The children's ward, one of the state requirements for a first class hospital, is completely equipped. The new bathroom for infants in the nursery will be of the latest type. It arrived a short time ago but was wrecked in shipment and another one was ordered in its place.

A large refrigerator costing about \$700 has been installed in the hospital. Painters are now at work on the re-painting of the wards and many of the private rooms. The new driveway joins West Fifth street at the west of the building, skirts the end of the hospital and terminates at the main entrance in the rear.

The regular bi-monthly meeting of the board of trustees will be held Friday night at the hospital.

Miss Mabel Miller of Nome, Alaska, said to be the only Eskimo girl residing in the U. S., recently presented Vice President Marshall with a gavel made of walrus tusk. The gift was made by her Eskimo friends. Miss Miller's Eskimo name is Klevick Kuzuck. She was brought to this country by Capt. W. R. Miller, whose ward she is. She is attending Central Normal College at Danville, Ind. She started to school there two years ago without any previous education. She is now in the fifth grade and reads and writes English well. She has been the guest in Washington of Mrs. Thomas P. Gore, wife of the Oklahoma senator.

## HOTEL PROBLEM UP TO CITY COUNCIL

**Conference Thursday Night at C. of C. Rooms Will Determine Situation—Seek 99-Year Lease on Taylor Site.**

Whether East Liverpool is to land a new hotel hinges largely upon the outcome of a joint conference between city council and the hotel committee of the chamber of commerce to be held at 8 o'clock Thursday night in chamber of commerce rooms.

A 99-year lease on the city site, West Sixth street, purchased many months ago as the location for a municipal market house, is sought from city council to insure the erection of a 150-room hostelry on the ground.

The proposition was presented to council Monday night by W. L. Lewis, secretary of the chamber of commerce, acting as a spokesman for a party of representative manufacturers and business men. If the Taylor lot can be diverted to the use sought by the chamber of commerce, it was pointed out, a modern five-story hotel would grace the vacant city site.

The appeal of the chamber of commerce has been based largely upon civic pride and the needs of the community for a modern hotel. Prominent manufacturers, business men and professional men have assured Secretary Lewis that they will finance the erection of the hotel if the site is secured. A responsible out-of-town concern has already signified its willingness to lease and operate the new structure.

Attending Thursday night's meeting will be the full personnel of city council and the following members of the hotel committee of the commerce body: T. A. McNicol, chairman; R. T. Hall, J. S. Hillbert, D. M. Ogilvie, Homer J. Taylor and C. C. Ashbaugh. Several other prominent men have also been invited to attend the conference.

**Sanitary Bag for Discarded Material Distributed Here.**

As the first step in a city-wide collection of waste materials in the interests of the Civilian Relief, officials of the Harrison Co-Operative Service Thursday began the distribution of sanitary bags to be used as containers for the discarded material.

A list of articles desired is contained in each bag. When every home in the city is supplied with a bag the collection of containers will be started. Is Dorothy Weinsweig, executive secretary of the Civilian Relief was informed Thursday by an official of the salvaging concern.

The Civilian Relief is organized to give to the civilian population of East Liverpool the same service and assistance that was devoted to the fighting men and to the relief of their families during the war. The organization is ready to give wide spread relief in times of distress and disaster. That such an organization is an urgent necessity was demonstrated during the epidemic of influenza. At that time the civilian relief sent out nurses, and provided medicines, food, clothing, and medical services to needy cases.

During its brief existence the Civilian Relief has already helped hundreds of families. There has been found to be such a broad field for this welfare work, that the organization is planning to maintain a public service which shall include community nursing and family relief work. Trained workers will always be at the disposal of the public of East Liverpool, and the relief that is being given to people in need or distress will include expert advice and assistance in regaining a normal footing.

## QUAKERS AND DETECTIVES IN GUN FIGHT AT MT. PLEASANT

**Battle Is Outgrowth of Series of Auto Thefts in Pittsburgh District.**

## TWO MEN ARE ARRESTED

**One Prisoner Is Husband of Columbiana County Farmer's Daughter.**

As the outgrowth of a series of automobile thefts in the Pittsburgh district, a thrilling gun battle between Pittsburgh detectives and enraged Quakers belonging to a Quaker colony near Mt. Pleasant, just west of Steubenville, was staged in a cornfield near the colony, it developed Wednesday night.

The fight started when the Pittsburgh authorities arrested two brothers, Oliver Pegg, 25, and Harry Pegg, 23, charged with the theft of nine automobiles in and near Pittsburgh within the last three months. Harry Pegg, younger of the two brothers, recently married the daughter of a wealthy farmer residing near Columbiana, this county, he told the police.

The two prisoners, Pittsburgh police say, have made a confession to the auto thefts. They are now held in Central police station, Pittsburgh, awaiting a hearing.

The arrest of the two Pegg brothers resulted from information received by Pittsburgh police last Saturday night that stolen machines were being sold in Mt. Pleasant. A detail from the Smoky City motorcycle division of police was sent to Mt. Pleasant. Representing themselves as agents of a construction company desirous of purchasing second hand machines the police called upon several men who had purchased cars from the two Pegg brothers.

The police returned to Pittsburgh Sunday when told one of the Pegg brothers was away getting another car. They returned Monday just in time to see Oliver Pegg driving through the city with a new car without license plates. Pegg was placed under arrest at once, while police visited the Pegg home and took the other brother into custody.

News of the arrest quickly spread through the little colony and angry citizens hurriedly gathered and surrounded the police. The officers with their prisoners sought safety in a cornfield where they lay prone on the ground for two hours with the bullets over their heads. After a siege they succeeded in reaching their automobiles and drove across the state line into West Virginia.

Nine machines, believed to have been stolen from the Pittsburgh district, were located by the police in Mt. Pleasant. The brothers planned to use the money secured through the sale of the stolen machines to purchase a large garage in Mt. Pleasant.

## WOULD BAN LOANS FOR MILITARY PURPOSES

WASHINGTON, Sept. 11.—Senator Walsh, Massachusetts, introduced a resolution in the senate this afternoon which would prohibit the United States from advancing further credits to foreign governments except where satisfactory evidence is given that the loans will not be used for increase of armament or military purposes.

## HARDING ARRAIGNS WILSON IN SPEECH

WASHINGTON, Sept. 11.—The league of nations' covenant as now constituted "is one of peril to the republic," and to accept it unaltered "would be a betrayal of America," Senator Harding, Republican of Ohio, a member of the senate foreign relations committee, declared in the senate this afternoon.

Harding arraigned President Wilson for having referred to senators who refuse to accept the treaty of Versailles without amendments or reservations as "contemptible quitters if they do not see the game through." He cited the war record of congress which showed there were "no quitters" in either branch.

## WOMEN STAND AGAINST RAIL IN BARROOM

COLUMBUS, Sept. 11.—Huh! Women in a bar-room! Yep, that's true. It was in the spacious Bessler hotel bar-room that 20 women, some of them in evening clothes and some with and some without escorts, stood right up to the rail and quaffed root beer and other varieties of soft drinks from steins "right off the ice." And while this was going on at the mahogany, Ohio State students tried to work themselves into a frenzy of delight on near beer at some of the tables, while the life and drum did its turn in another section of the bar.

**Tennessee Democrat Refuses to Sign Committee's Report.**

WASHINGTON, Sept. 11.—All right of the United States to share in the concessions and agreements exacted from Germany "by a dictated peace" would be sacrificed if the senate were to reject the treaty of Versailles, it was asserted in a minority report submitted to the senate this afternoon by six Democratic members of the foreign relations committee who are staunch supporters of President Wilson.

The senators who signed the report were Hitchcock, Nebraska; Williams, Mississippi; Swanson, Virginia; Pomerene, Ohio; Smith, Arizona, and Pittman, Nevada. Senator Shields of Tennessee, the remaining Democratic member of the committee, who recently declared for reservations, declined to sign.

Another argument advanced in the report for immediate ratification of the treaty without amendments or reservations was that delay and doubt as to its acceptance by the senate has already resulted, "it was stated, in a reduction of American exports from an average of \$700,000,000 to \$575,000,000 a month because "private credit cannot and will not be furnished as long as the peace settlement is in doubt."

## NINE GAMES IN 1919 WORLD'S SERIES

CINCINNATI, Sept. 11.—Nine instead of seven games in the world's baseball series will be played this year. Both major leagues this morning voted in favor of this change. The victor, therefore must win five games possible the games not considered.

One or two National league club owners are said to have opposed the extension of games and also two or three American league votes were against it, but a majority in each league was secured. National commission headquarters announced no detail of the vote would be made public.

"It is time for congress to act. I am in favor of union labor in its proper sphere, but I do not believe in government by the unions and for the unions."

"I believe somebody is back of this entire movement."

NEW YORK, Sept. 11.—Samuel Gompers, president of the American Federation of Labor, declined to state today what action will be taken on President Wilson's telegraphed request that he use his efforts to avert a nation-wide strike in the steel industries.

"We are all desirous of aiding President Wilson in his efforts to bring about industrial peace," said Gompers, "but before I answer this telegram, I will have to give it more serious thought."

Harry Tilton, of Westfield, sustained a fracture of his right arm at the elbow in a fall down a flight of stairs at his home shortly after noon Thursday. He was removed to the City hospital where the fracture was reduced by Dr. Clyde R. Larkins.

Discharged from Hospital. J. Davis, 14th street, Wellsville, and Mrs. Gertrude McCune, St. George street, East End, were discharged from the City hospital Thursday.

## CHINA MAY SIGN PACT, SAYS WANG

PARIS, Sept. 11.—Dr. Wang, of the Chinese peace delegation, announced today that if the United States senate adopts the Shantung reservation to the peace treaty so that the Chinese parliament can ratify the pact with the same reservation, China will be able to sign the treaty.

"We signed the Austrian treaty at St. Germain yesterday with much happiness and hope soon to sign the German treaty also," said Dr. Wang.

China was represented at the St. Germain ceremony by Lou Tseng Tsang, Chinese minister of foreign affairs.

road committee of the chamber of commerce and representatives of the Calcutta-Clarkson district held last spring in the Harmony school it was decided to leave the designation of the road to the county engineer. The surveyors now at work in the district are to determine which roadway has the better grade and could be improved the more economically.

The stretch of the East Liverpool-Youngstown road between the Liver pool township line and Calcutta is slated for improvement early next spring. The road will be widened to a 30-foot grade and a uniform 18-foot roadway constructed. A layer of concrete will be spread over the present brick paving instead of removing the old road and a new foundation laid.

J. Davis, 14th street, Wellsville, and Mrs. Gertrude McCune, St. George street, East End, were discharged from the City hospital Thursday.

## CHINA MAY SIGN PACT, SAYS WANG

PARIS, Sept. 11.—Dr. Wang, of the Chinese peace delegation, announced today that if the United States senate adopts the Shantung reservation to the peace treaty so that the Chinese parliament can ratify the pact with the same reservation, China will be able to sign the treaty.

"We signed the Austrian treaty at St. Germain yesterday with much happiness and hope soon to sign the German treaty also," said Dr. Wang. China was represented at the St. Germain ceremony by Lou Tseng Tsang, Chinese minister of foreign affairs.

## CROWD GREETSPRESIDENT ATBILLINGS, MONT.

Declares Treaty Alone Will Prevent Complete Catastrophe.

ENTHUSIASTIC AUDIENCE

Reads for Crowd "New Ten Points" Summing Up Pact.

By JOHN EDWIN NEVIN.

BILLINGS, Mont., Sept. 11.—Plunging right into his argument that the treaty of peace is all that will prevent a complete catastrophe and stressing that "the world is waiting on America for leadership," President Wilson here today addressed one of the most enthusiastic audiences to greet him since he left Washington on his tour around the country "to render a report on his stewardship."

There was a good sized crowd in Billings to greet the president on arrival. The special pulled into the station exactly on the dot of nine. The members of the reception committee told the president the people had come from a distance of 100 miles to see and hear him. The hall was too small to accommodate all who wanted to get in and most of the people had to be content to cheer the president from the sidewalk. There was a very large percentage of returned war veterans in the crowd that greeted the president here.

The president read for the crowd the "new ten points" made public earlier on the train, which he insisted summed up exactly what the treaty does.

"We are debating the treaty as though this was an ordinary treaty between two countries. That is a mistake," he said. "The scope of this treaty is world-wide. Everywhere Germany's scope had to be altered. Let me impress upon you that it is this treaty that we must accept and none other. Some 20 nations sent their greatest statesmen to Paris to draft this treaty. They are skilled men, open-minded and they realized that they were nobody's master."

"They were the servants of the people of the world and this treaty is the first instrument designed for the happiness of the people of the world."

"This is essentially a peoples' treaty and I venture to say it will not go well with parliaments and congresses that dare to alter it."

"This is a severe treaty, but it also is a just treaty. Some of the various gentlemen who now are characterizing this treaty as too harsh less than a twelve month ago were criticizing the administration as being too kind toward Germany."

"They were pitiless then; they are pitiful now; they seem to forget what we went through. But I know there are many mothers and fathers here who can never forget. The thousands of our dead in France sacrificed their lives for the greatest of all principles and the promise we made on their behalf must be lived up to. We revered them who saved the union. I can say that and I was born south of the Mason and Dixon line. And will we not revere these boys who fought to redeem the promises of America? The fundamental promises of this treaty is that the countries of the world belong to the people who live in it. That means that human liberty is recognized and protected."

## ALLISON MAY GET OFFICE

East Liverpool Fireman In Line for Post at Convention.

Hunter Allison of this city, president of the Ohio Fire Fighters' association, may land a national office in the International Fire Fighters' association if word reaching here from the national convention now in progress in Portland, Oregon, is substantiated.

Allison, who is representing the Ohio organization at the national convention, arrived in Portland Wednesday with the Cleveland delegation. The convention will be in session all this week.

A general clean-up of the present national officers is predicted at the convention. The former president of the organization was ousted a short time ago.

## ANOTHER CLASH AT FERMOY IS AVERTED

LONDON, Sept. 11.—A serious clash between riotous soldiers and townspeople at Fermoy, the Irish town wrecked by an outbreak of troops last Sunday, has just been averted, said a dispatch from Cork today. Fighting was prevented by a retirement of the soldiers to their barracks. The people at Fermoy are organizing their own police force.

The countrymen about Fermoy have organized bands of mounted vigilantes to prevent a second attack upon the town by troops.

## COUNTY SHARE MAY BE SOLD

Summit May Purchase Columbiana Interest In Tuberculosis Sanitarium.

Columbiana county's share in the Springfield lake sanitarium at Akron may be disposed of at a meeting of county commissioners of Columbiana, Mahoning, Stark, Portage and Summit counties to be held Friday at the hospital.

Summit county, it is understood, has offered to purchase the holdings of Columbiana, Mahoning, Stark and Portage counties at a price to cover the investments of the four counties.

Columbiana county commissioners have been endeavoring to dispose of their share in the institution for a long time and the sale may be consummated Friday.

It is the tentative plan of the Columbiana county commissioners, it is declared, to use the money secured through the sale of its interest in the five-county joint institution toward erecting a similar institution somewhere in this county.

The hospital is located at Springfield Lake near Akron, in Summit county. Each of the five counties are eligible to send a proportionate quota of patients to the hospital. It is the complaint of commissioners of the other counties, however, that Summit county patients are given preference in bed and room assignments and that Summit county has even sent in excess of its quota.

## NEW BANK TO OPEN OCT. 15

The Community bank, East Liverpool's latest financial institution, has leased a section of the Hodson building, Fifth street, between Washington street and Broadway, E. G. Sturgis, president, announced Thursday.

The new bank will open its doors to the public on or about October 15, Mr. Sturgis said. The site for the bank will be remodeled and fitted for banking purposes. A new front will likely be constructed to the establishment.

The lease on the building was closed by the executive committee of the Community bank, composed of E. G. Sturgis, Will T. McNutt and C. V. Beatty. The bank plans to loan money on chattel or endorsement at 6 per cent interest. All loans must be liquidated within one year.

A certificate permitting the new concern to operate here was issued a few weeks ago by the state banking commission.

## MOVIE FILM EXPLODED; CHILD FATALLY BURNED

CINCINNATI, Sept. 11.—Margaret Forbes, 3 1/2 years old, was burned to death today by the explosion of a movie film which some children found on a dump and were attempting to "produce" by holding lighted matches behind it.

## DEFICIENCY BILL CUY BY HOUSE COMMITTEE

WASHINGTON, Sept. 11.—Slashing requests for funds to fight the high cost of living and for other purposes, the house appropriations committee today recommended passage of a deficiency bill carrying \$14,184,000 or less than one-third of the total asked of congress.

## AUTO WRECKED IN COLLISION

Three Members of E. G. Sturgis Family Escape Serious Injury.

Three members of the family of E. G. Sturgis, Dresden avenue funeral director, narrowly escaped serious injury and possible death when an automobile in which they were riding was struck and wrecked by an automobile driven by Dr. L. C. Jackson, dentist, on the Smith's Ferry-Lisbon road, near No. 9 school Tuesday night about 8 o'clock, it developed Thursday.

The Sturgis machine, driven by Ernest Sturgis, contained Mrs. Sturgis and Miss Helen, a daughter. At the intersection of the Smith's Ferry-Lisbon and new park boulevard, the car met the Jackson machine, driven by Dr. Jackson, sole occupant of his auto. Sturgis drove his machine to the extreme left of the road in an attempt to avoid the approaching auto.

The Sturgis car was struck on the side and turned completely over. Mrs. Sturgis sustained an ugly cut on her left arm and shoulder but the other two occupants of the car escaped injury. The machine was badly wrecked. Dr. Jackson was uninjured. The frame of his car was broken.

## "NO SINGLE NATION CAN MENACE U. S."—MARCH

WASHINGTON, Sept. 11.—"No single nation can menace the United States," declared General March, chief of staff, before the house military affairs committee today.

"All plans for a future United States army are based on the eventuality of attack from a combination or group of powers or nations," he continued. "The American army of 575,000 officers and men with the million of class A youths prepared under the universal military plan of three months would provide an army as a wall behind which to drill the eleven to fourteen million men to be called to the defense of their country or throw into foreign service."

## OPPOSE BOUNDARIES OF METHODIST CONFERENCE

COLUMBUS, Sept. 11.—Declaring that the boundaries which fixed the territory of the Ohio, West Ohio and Northeast church conferences of the Methodist church are unfair to the Ohio conference, the session of the latter conference which opened here today has gone on record opposing the present boundaries. The fight will probably be carried to the session of the general conference, Bishop Wm. F. Anderson, Cincinnati, is presiding here.

## RAINSTORM ROUTED PARTY OF ANGLERS

The heavy deluge of rain which swept East Liverpool Wednesday and threw the city into premature twilight put to rout a party of East Liverpool anglers who planned a days fishing on Pine lake, near Youngstown. Included in the party were H. B. Barth, J. R. Meek, Blaine Cochran, Harry Moyer, all of this city, and Ed Strauss of Youngstown. The trip was made in automobile, the party starting at 4 o'clock Wednesday morning.

The sudden rain caught the party in the middle of the lake. They returned empty handed.

Budget Commissioner Resigns. COLUMBUS, Sept. 11.—With the bare statement that he was resigning to "accept a more lucrative position with a private concern," W. T. Donaldson, state budget commissioner, today tendered his resignation to Governor Cox to become effective September 15.

SHE WANTS TO HELP OTHERS. Mrs. A. G. Wells, R. F. D., Rocky Mount, N. C., writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefits I have derived from their use. Please publish this statement as I want the people everywhere to know of them." Lame back, sore muscles, puffiness under eyes, and an "always tired" feeling are indications that the kidneys and bladder are not working properly. Foley Kidney Pills strengthen weak, disordered kidneys and bladder.

## COUNTY NEWS

### SHORTAGE OF \$2,747, CLAIM

Examination of Books In Sheriff's Office Completed By Bliss.

Audit of the books of County Sheriff William Dalrymple in Lisbon concluded at noon Thursday revealed a shortage of \$2,747.54 in county funds.

The examination was made by State Inspector John A. Bliss of the bureau of accounting, Columbus, at the request of Sheriff Dalrymple, following the filing of charges of embezzlement against former Deputy Sheriff J. Will Davidson.

An affidavit against Davidson was sworn out a few weeks ago by Sheriff Dalrymple shortly after Davidson resigned and left Lisbon on a trip to South America.

Davidson furnished a bond of \$2,000 during his tenure of office.

### TRUCKLOAD OF LIQUOR SEIZED

Another large truck load of liquor, said to be en route from Steubenville to a town in western Pennsylvania, was confiscated by Columbiana county authorities near the J. Frank Adams farm at Millrock, near Rogers, Thursday morning.

Word that the truck of liquor had been stalled in this county reached Prosecuting Attorney Walter W. Beck in Lisbon at 11 o'clock Thursday morning. Beck, Sheriff William Dalrymple and several deputies started at once for the scene.

Before leaving for Millrock Prosecutor Beck said the liquor would not be brought to Lisbon but would be kept under guard where it was found until federal authorities from Cleveland arrived to take it in charge.

Clear Title to Lot. In the case of Horace Fomow against Phillip Schroeder in common pleas court Thursday morning a decree was entered clearing the title of lot No. 75 in East Liverpool and ordering a mortgage of \$900 cancelled. The claim had been paid but there was no record of it.

Cotton Opening. NEW YORK, Sept. 11.—Cotton opened: October, \$28.20; December, \$28.55; January, \$28.35; May, \$28.55; July, \$28.55.

### CALL JOINT MEET AT FIVE-COUNTY HOSPITAL

The county commissioners Thursday received a notice from K. S. Mentzer, secretary of the joint board of managers of the Springfield Lake sanitarium stating that a call had been issued for a joint meeting of the commissioners of Columbiana, Mahoning, Stark, Portage and Summit counties at Springfield Lake Friday for the purpose of considering the question of the four other counties selling out to Summit county.

The Columbiana county commissioners were the first to agitate the question of selling out but the demands for rooms for tuberculars from Summit county have increased so rapidly that Summit county claims she needs the whole institution. It has been costing this county about \$1,000 a year to maintain each patient in the sanitarium and this county has approximately \$50,000 invested in the building and grounds.

### GRAND JURY TO MEET MONDAY

Embezzlement Trial to Be Set for An Early Date.

With the embezzlement cases of Herman Feustel and K. M. Brumfield, former officials of the Empire Investment company, slated for trial on the first criminal assignment, the grand jury of the September term of common pleas court will convene in Lisbon next Monday morning at 9:30 o'clock.

Common Pleas Judge James G. Moore, who will preside at the sitting, has not yet fixed a date for the Feustel and Brumfield hearings. Both will likely be arranged as a part of the first criminal assignment the last week in September of the first week in October, Prosecutor Walter W. Beck stated Thursday.

Twenty-nine cases are listed in the assignment for the first week, according to the court assignment issued by Clerk George B. Williams. Several East Liverpool cases are included in this list. A number of witnesses have been empaneled for the grand jury sitting. Prosecutor Beck said and the hearing of these will exhaust the first three days of court.

## REPORTS FROM STOCK MARKET

NEW YORK, Sept. 11.—The action of the steel unions in calling a strike in the steel industry on September 22 caused a stampede of selling in the steel shares on the stock market here today. Steel stocks were thrown over in large amounts and losses ranged from two to 11 points.

The greatest crowd was around the United States Steel post and it was not until sixteen minutes after the gong sounded for the beginning of business.

Opening price of the issue came out on the ticker. It was 101 to 102 7/8, compared with 105 3/4 on the close on Tuesday.

Crucible was down 11 points at 173, but quickly rallied to 179. Baldwin Locomotives sold off 6 1/4 points to 118, with a rally to 120, while Bethlehem Steel B after yielding 7 3/4 at the start to 85, rallied to 88 3/4.

The action of the steel stocks had a depressing effect on the rest of the list and losses of from one to six points were general.

Mexican Petroleum opened six points lower at 201, Central Leather nearly two points to 98 1/4. Marine Preferred 1 5/8 to 119, Studebaker 3 1/4 to 112 1/2, American Can 1 1/2 to 53, Corn Products two points to 85 3/4, United Retail stores 2 3/4 to 95 and Sinclair oil 2 1/4 to 59.

After the heavy declines at the start the market showed a rallying tendency, gains of from one to five points being made from the low.

Sharp rallies of from two to five points were made in the active issues during the late forenoon.

Baldwin locomotive rose from 118 to 125; Steel common from 101 to 103 1/2; Crucible 10 points to 153 and Mexican Petroleum seven points to 208.

Further advances were made in the afternoon when practically all of the morning losses were recovered.

## WHITE WAY FOR MAIN STREET

Main street will be illuminated from Third street to Eighteenth by 100 brightly beaming electric lamps with in the next thirty days, as the result of action taken Tuesday night by council.

The city solons have authorized the city to enter into a five-year contract with the Ohio River Power company, the only bidder on the contracts as advertised by Safety Director Charles Ewing recently.

Under the three-year contract the city would have to pay \$56 per year for each of its arc lights; \$44 per year for each of its 250 candle-power lamps and \$34 annually for its three 100 candle power lamps.

The city will pay \$54 yearly for the arcs; \$40 for the white way lamps and \$30 for the 100 candle power lamps, under the terms of the five-year contract. During the period of the contract this will mean a saving to the city of \$3,380. The measure was made an emergency one.

Councilman Ingram protested against passing the ordinance as an emergency measure, announcing that it would deprive the people of the right to call a referendum on the question in the event that they wished to do so. Other members of city council pointed out that the standards had been erected for over a year and inasmuch as they were standing without any benefit being derived by the city that steps should be taken immediately to light them. It was also pointed out that the Ohio River Power company was in a position at the present time to install the lights within the next 30 days and should the ordinance be adopted through the regular channels that the company when it became effective might not be in a position to begin work immediately.

Councilman Ingram withdrew his protest when William Horton, a member of the committee of Trades and Labor council, which recently protested against council entering into a contract involving a longer period than three years, told the solons that when the members of the Trades council had been advised of the saving to the city through acceptance of a five year contract that they would, in his opinion, be satisfied with council's action.

## CARMEN'S UNION VOTES TO ACCEPT INCREASE

With fewer than 50 to 1,100 members not voting, Steel City local No. 795, of Pittsburgh, Brotherhood of Railway Carmen of America, Tuesday, voted, 552 to 448, to accept the four cent wage increase recently offered them by President Wilson, according to word received by officials of Wellsville locals.

The ballot, it is said, was taken at four meetings in Union Labor temple. The sessions were spirited and resulted in much discussion. Sentiment in the Pittsburgh district, it is said, generally has been for acceptance of the four-cent increase, rather than for holding out for their original demands of a seventeen cent increase.

## EMPIRE MAN SUED SIX TIMES FOR DIVORCE

Answering the petition filed recently by his wife, Rosa M. Jones of Empire, James A. Jones says that this is the sixth time his wife has sued him for divorce. She withdrew four of them and one was dismissed by the court and the defendant husband asks that the sixth be also dismissed, saying that he is still willing to live with her for the sake of their son.

In his answer Mr. Jones alleges that his wife has tried to kill him with a butcher knife, that on May 10 last she threw a bucket of boiling water over him and later tossed three quarts of black pepper at him and also struck him with broken glass and tile, cutting him severely. Once, he alleges, she told him she was going to kill him because she loved somebody else.

## MOVEMENT UNDER WAY TO BOOM RIVER TRADE

Mayor George B. Imbrie will call to the attention of the Wellsville Chamber of Commerce the Waterways League of America which has been formed to assist in the national campaign to revive trade on the great American rivers and in the development of the river cities of the nation, he announced Thursday following the receipt of a communication from General Manager G. A. Smith, New York City.

It is the intention of the league to promote trade on the water highways and thereby promote industrial progress throughout valley towns. The league expects to cooperate with the Chamber of Commerce here and in other cities to achieve its purpose. Directos and cameramen will be sent to many of the important links in the valley river chain, making a series of educational scenic productions that will be shown through the entire country. The pictures will show what is being accomplished in the various cities in the way of commercial and educational development and the opportunities for further development.

## 19-YEAR-OLD GIRL ATTACKED

Miss Rose Hulsizer, aged 19, of Cliftonville, W. Va., was before the Jefferson county grand jury Wednesday relating details of an alleged assault made on her Tuesday night in the vicinity of Sixteen church on the Knoxville road, a short distance from Toronto.

John Moore of Steubenville and a taxi driver named "Dave" are accused by the young woman, and warrants for their arrests have been filed by Prosecuting Attorney Carpenter.

Miss Hulsizer, it is said, hired a taxi to take her from her home to Steubenville to get a train for Pittsburgh. The young man in the taxi, it is claimed, refused to stop the car in Steubenville and continued through to the Knoxville road where, she alleges, Moore attempted to assault her. In the struggle that followed, it is said, her clothes were torn from her and she lost her hat, purse and other articles of minor value. She managed to break the man's hold and escaped through a field where she hid until early in the morning. She went to a farm house in the course of her wanderings and remained there till Sheriff Baker brought her back in an automobile.

## ARBAUGH IS CHOSEN HIGH ELEVEN CAPTAIN

At a meeting following practice session Wednesday afternoon, Ray Arbaugh, all-round high school athlete, was chosen to captain the 1919 school eleven. Arbaugh is one of the veterans of the aggregation and will be greatly depended on this fall by followers of the Orange and Black.

Practice was begun Monday evening in the grounds at Creek Bottom and will continue regularly, under the supervision of Coach Charles Van Tilburg.

It is announced that East Palestine High will open the season here on Saturday, September 27. This game has been pending several weeks. The locals will make an excellent appearance for the lid-lifter as new jerseys and socks will be ordered shortly.

## MEMBERSHIP COMMITTEE TO REPORT SUNDAY

The membership committee of the local post of the American legion No. 70, recently appointed to enroll members of the army, navy or marine corps, who have been discharged, will report their progress at a meeting of the legion next Sunday afternoon in the Elks' club rooms in Main street.

The committee announces that already fifty members have been added to the post. It is expected this number will be greatly increased within the next few weeks. The committee appointed to draft a set of by-laws will likely report Sunday.

## Newlyweds Return Here.

Mr. and Mrs. John Grafton, who recently were married in Houston, Texas, have returned to Wellsville where they will make their future home. The bridegroom is the son of Mr. and Mrs. H. B. Grafton of Thirtieth street and is employed at the Cleveland & Pittsburg shops here.

## Polly and Her Pals

## \$400 FUND FOR CLEAN-UP HERE

The sum of \$400 is provided in an ordinance passed by council in special session Tuesday evening for the general clean-up of city streets, alleys and thoroughfares. The \$400 will be transferred from the general fund to the road fund.

Mayor G. B. Imbrie was mainly responsible for the ordinance when he pointed out to members of council that steps should be taken to prevent a general recurrence of the influenza epidemic here this fall by cleaning up the town as much as possible.

Streets and alleys where washouts have occurred and where large sections have been sunken will be repaired to rid the city of the danger of stagnated waters. This work will be begun immediately it is announced.

Discussion concerning the need of a municipal garbage plant may lead within a short time to the installation of such a plant here. Council members were of the opinion that a plant could be constructed just as cheaply now as at any other time and as the city could use one here there should be some provision made for it. General dissatisfaction, it is claimed, is being expressed in all sections of the city over the inefficient methods of collecting the refuse.

## Missionary Society Meeting.

Mrs. McCord, Mrs. Russell and Mrs. Smith will be hostesses at the regular monthly meeting of the Women's Missionary society of the First United Presbyterian church to be held Friday evening in the church. In the Freedmen study Mrs. W. L. Pogo will be leader. "American Indians" will be the topic of study by Mrs. L. F. Burris.

## Baseball Game Postponed.

Owing to the fact that the Holmes club will be unable to present a regular lineup, Manager Pyle of the East Liverpool aggregation announced that the game with the Colored Giants, which was scheduled for Central park Wednesday evening, was postponed. The management of the East Liverpool team was unwilling to appear here with a crippled lineup.

## Miss Crawford to Speak.

At a meeting of the Women's Missionary society of the First Presbyterian church Thursday evening, Miss Mazie Crawford, a missionary, will be the principal speaker. An interesting program has been arranged for the affair, including readings by Mrs. E. G. Whitacre and Miss Luella McLean and a vocal solo by Miss Frances Whitacre.

## Cole Appointed Fireman.

The vacancy in the fire department caused by the recent resignation of Charles Hurd will be filled by John Cole of Broadway, who was appointed by Safety Director Ewing Wednesday. The new fireman will assume his duties Sept. 15. James Kinney, the other paid member of the fire department, will take Hurd's position as patrol driver.

## Birthday Party.

## THIEF TRYING ON TROUSERS DISPLACES WOODEN LEG.

MEDFORD, Ore.—A thief entered a home in this city. He had ransacked several rooms, pocketed a gold watch and a bunch of jewels belonging to a lady occupant of one, stole a valuable pipe from a male roomer, pulled on a pair of new shoes belonging to another, and grabbed a pair of trousers and started for the door. Just then a wooden leg dropped from the pantaloons. As it struck the uncarpeted floor with a loud thud the frightened burglar emptied his pockets of the loot he had stolen and with a Commanche warwhoop dashed from the premises. It is the opinion of the owner of the house, T. L. Thompson, that he is running yet.

## FOR MEN WHO WORK HARD.

Factory workers, railroad men, farmers, miners, mill employees and all men who work at hard, straining physical labor are more or less subject to kidney trouble. Nature gives warning signals by frequent lameness, stiff joints, sore muscles, backache and rheumatic pains. J. G. Wolf, Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe backache that had bothered me for several months. A few bottles fixed me up in good shape."

## BAN LIBRARIES IN THIS STATE

COLUMBUS, Sept. 11.—No more Carnegie libraries will be built in Ohio at present, according to an announcement today by the Ohio Institute for Public Efficiency.

Failure of some Buckeye cities to keep pledges for maintaining libraries, built by aid of the late steel king's millions, has caused the entire state to be placed under a ban by the Carnegie Corporation, it was stated.

Several cities, including Youngstown and Cincinnati, which desired to proceed with new libraries were informed their requests would be considered when delinquent cities paid up their pledges.

Cities agreed to provide for library running expenses 10 per cent yearly of the money donated by the Carnegie Corporation, it is explained. At least 16 Ohio communities are not keeping their pledges, according to James Bertram, secretary of the corporation, and 11 others have failed to report on their condition. Some of them declare the taxation situation in the state is responsible.

Some 3,000 libraries have been built throughout the world with Carnegie aid, amounting to \$65,000,000, it is estimated. New libraries were not built during the war, but the Carnegie Corporation plans soon to resume activities in states where pledges have been fulfilled, it is learned.

The purpose expressed in the charter is "by organization, through nominations, platforms, elections and legislation within and through the Republican party, to perpetuate the ideas and the virile Americanism of Theodore Roosevelt."

## 300 VICTORY BUTTONS ARE RECEIVED HERE

Lieut. S. V. Gentry to Make But One More Visit Here.

## TO HONOR DISCHARGE Nearly 2,000 Honor Emblems Distributed In This District.

Lieut. S. V. Gentry, attache of the adjutant general's office in Washington, assigned to supervise the distribution of Victory buttons to ex-soldiers in this district, will make but one more visit to East Liverpool, he announced Wednesday.

Nearly 300 Victory buttons have been distributed to former service men of this vicinity on his previous visits here. He was at the army recruiting station, 1417 building, Wednesday. If Lieut. Gentry is unable to visit here next week another commissioned officer in the recruiting service will bring the final allotment of honor insignia here, he said.

Lieut. Gentry has distributed approximately 2,000 Victory buttons in this district which embraces the southeast section of the state. Over 18,000 buttons have been given away in Cleveland and about 2,500 in Akron, he added.

Honorable discharges left with Recruiting officer W. B. Hilton in charge of the local office this week will be honored by Lieut. Gentry next week.

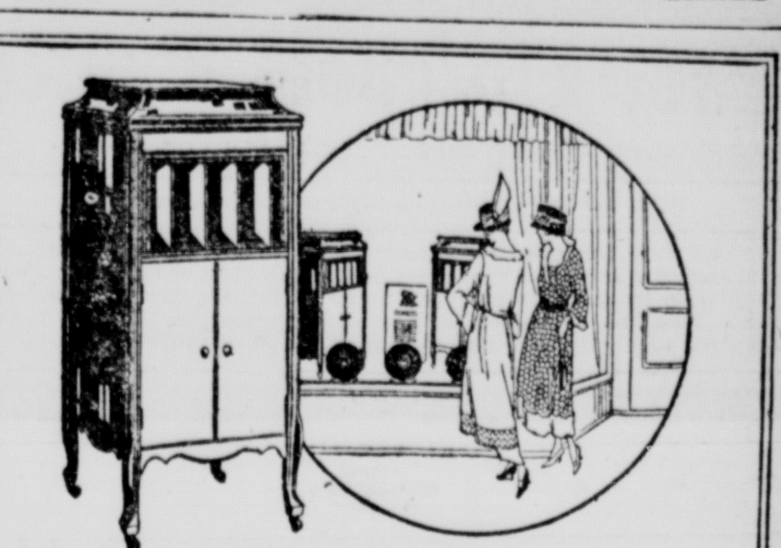

Abe L. Beadnell of Salineville was accepted for a three-year enlistment in the infantry for service in Siberia. He was sent out Wednesday afternoon from the local recruiting office to Cleveland. If he is accepted in Cleveland he will be transferred to the mobilization camp in Presidio, Cal., for transportation to Siberia.

## CROWD CHURCH ON WEEK DAYS

NEW YORK, Sept. 11.—Crowds in most churches on any other day than Sunday, usually means a funeral, wedding or social. But St. Paul's Chapel, the oldest church in New York City, in lower Broadway between the park Row newspaper district and Wall street, is an exception emphasized by the directors of the Episcopal's Nation-Wide Campaign.

At St. Paul's the largest crowds of worshippers are those at the three services held each week day. The brokers and bankers who usually spend their week-ends on a golf course yacht or at some watering place, frequently find time on their way to Wall street to attend the early communion services at 8 o'clock each morning in old St. Paul's. At 9 o'clock there is matins, usually attended by persons from out of town—who through the chapel each day to see George Washington's pew and to stroll around among the graves in the burial ground in the rear. Practically all the tombstones are a century old.

It is at the daily noon-day services

at 12:15 o'clock that St. Paul's has its largest crowds. During the dark hours of the war when the result trembled in the balance, this service attracted many who seldom attended any other church services. After the fifteen-minute intercessions, many of the young women who answered the call to business when their brothers and sweethearts answered the call to the colors, drifted into the church yard in the rear and there among the departed of another era of the nation's history, knitted the sweaters and socks which were to keep warm their fighters overseas.

These noon knitting sessions still continue on pleasant days and besides those with a ball of yarn, there are many who come to eat their luncheons in one of the few bits of outdoors that crowded lower New York has to offer.

To extend institutional work on a nation-wide scale is one of the purposes of the Episcopal Nation-Wide campaign now being waged to mobilize the resources and communicants of the church for greater service for Christianity and the nation.

## CHARGE VIOLATION OF WARTIME PROHIBITION

YOUNGSTOWN, Sept. 11.—War rants charging violation of the act of November 21, 1918, creating wartime prohibition, were served on eleven prominent men in this city last evening, including Henry Dietz, proprietor of the Imperial hotel, Ralph Parill, wealthy property owner, M. Joyce, P. M. Connelly, Frank Williams and Peter Herman, all former liquor dealers. Information leading to the arrests was obtained by federal agents and the accused were summoned to appear before United States commissioners at Cleveland. The warrants were issued from the office of the district attorney at Cleveland.

Everyone is invited to attend a series of dances which will be held in the City Hall Wellsville, every Monday and Friday evening, by the Strutter Town Jazz Orchestra, led by Professor Alexander.

## WHITE WAY FOR MAIN STREET

Main street will be illuminated from Third street to Eighteenth by 100 brightly beaming electric lamps within the next thirty days, as the result of action taken Tuesday night by council.

The city solons have authorized the city to enter into a five-year contract with the Ohio River Power company, the only bidder on the contracts as advertised by Safety Director Charles Ewing recently.

Under the three-year contract the city would have to pay \$56 per year for each of its arc lights, \$44 per year for each of its 250 candle-power lamps and \$34 annually for its three 100 candle power lamps.

The city will pay \$54 yearly for the arcs, \$40 for the white way lamps and \$30 for the 100 candle power lamps, under the terms of the five-year contract. During the period of the contract this will mean a saving to the city of \$3,380. The measure was made an emergency one.

Councilman Ingram protested against passing the ordinance as an emergency measure, announcing that it would deprive the people of the right to call a referendum on the question in the event that they wished to do so. Other members of city council pointed out that the standards had been erected for over a year and inasmuch as they were standing without any benefit being derived by the city that steps should be taken immediately to light them. It was also pointed out that the Ohio River Power company was in a position at the present time to install the lights within the next 30 days and should the ordinance be adopted through the regular channels that the company when it became effective might not be in a position to begin work immediately.

Councilman Ingram withdrew his protest when William Horton, a member of the committee of Trades and Labor council, which recently protested against council entering into a contract involving a longer period than three years, told the solons that when the members of the Trades council had been advised of the saving to the city through acceptance of a five year contract that they would, in his opinion, be satisfied with council's action.

## CARMEN'S UNION VOTES TO ACCEPT INCREASE

With fewer than 50 to 1,100 members not voting, Steel City Local No. 795, of Pittsburgh, Brotherhood of Railway Carmen of America, Tuesday, voted, 552 to 448, to accept the four cent wage increase recently offered them by President Wilson, according to word received by officials of Wellsville locals.

The ballot, it is said, was taken at four meetings in Union Labor temple. Sessions were spirited, and resulted in much discussion. Sentiment in the Pittsburgh district, it is said, generally has been for acceptance of the four cent increase, rather than for holding out for their original demands of a seventeen cent increase.

She withdrew four of them and one was dismissed by the court and the defendant answers, saying that he is still willing to live with her for the sake of their son.

In his answer Mr. Jones alleges that his wife has tried to kill him with a butcher knife, that on May 10 last she threw a bucket of boiling water over him and later tossed three quarts of black pepper at him and also struck him with broken glass and tile, cutting him severely. Once, he alleges, she told him she was going to kill him because she loved somebody else.

## MOVEMENT UNDER WAY TO BOOM RIVER TRADE

Mayor George B. Imbrie will call to the attention of the Wellsville Chamber of Commerce the Waterways League of America which has been formed to assist in the national campaign to revive trade on the great American rivers and in the development of the river cities of the nation, he announced Thursday following the receipt of a communication from General Manager G. A. Smith, New York City.

It is the intention of the league to promote trade on the water highways and thereby promote industrial progress throughout valley towns. The league expects to cooperate with the Chamber of Commerce here and in other cities to achieve its purpose. Directos and cameramen will be sent to many of the important links in the valley river chain, making a series of educational scenic productions that will be shown through the entire county. The pictures will show what is being accomplished in the various cities in the way of commercial and educational development and the opportunities for further development.

## 19-YEAR-OLD GIRL ATTACKED

Miss Rose Hultizer, aged 19, of Cliftonville, W. Va., was before the Jefferson county grand jury Wednesday relating details of an alleged assault made on her Tuesday night in the vicinity of Sixteen church on the Knoxville road, a short distance from Toronto.

John Moore of Steubenville and a taxi driver named "Dave" are accused by the young woman, and warrants for their arrests have been filed by Prosecuting Attorney Carpenter.

Miss Hultizer, it is said, hired a taxi to take her from her home to Steubenville to get a train for Pittsburgh. The young men in the taxi, it is claimed, refused to stop the car in Steubenville and continued through to the Knoxville road where, she alleges, Moore attempted to assault her. In the struggle that followed, it is said, her clothes were torn from her and she lost her hat, purse and other articles of minor value. She managed to break the man's hold and escaped through a field where she hid until early in the morning. She went to a farm house in the course of her wanderings and remained there till Sheriff Baker brought her back in an automobile.

## ARBAUGH IS CHOSEN HIGH ELEVEN CAPTAIN

At a meeting following practice session Wednesday afternoon, Ray Arbaugh, all-round high school athlete, was chosen to captain the 1919 school eleven. Arbaugh is one of the veterans of the aggregation and will be greatly depended on this fall by followers of the Orange and Black.

Practice was begun Monday evening in the grounds at Creek Bottom and will continue regularly, under the supervision of Coach Charles Van Tilburg.

It is announced that East Palestine High will open the season here on Saturday, September 27. This game has been pending several weeks. The locals will make an excellent appearance for the lid-lifter as new jerseys and socks will be ordered shortly.

## MEMBERSHIP COMMITTEE TO REPORT SUNDAY

The membership committee of the local post of the American Legion No. 70, recently appointed to enroll members of the army, navy or marine corps, who have been discharged, will report their progress at a meeting of the legion next Sunday afternoon in the Elks' club rooms in Main street.

The committee announces that already fifty members have been added to the post. It is expected this number will be greatly increased within the next few weeks. The committee appointed to draft a set of by-laws will likely report Sunday.

## \$400 FUND FOR CLEAN-UP HERE

The sum of \$400 is provided in an ordinance passed by council in special session Tuesday evening for the general clean-up of city streets, alleys and thoroughfares. The \$400 will be transferred from the general fund to the road fund.

Mayor G. B. Imbrie was mainly responsible for the ordinance when he pointed out to members of council that steps should be taken to prevent a general recurrence of the influenza epidemic here this fall by claiming up the town as much as possible.

Streets and alleys where washouts have occurred and where large sections have been sunken will be repaired to rid the city of the danger of stagnated waters. This work will be begun immediately it is announced.

Discussion concerning the need of a municipal garbage plant may lead within a short time to the installation of such a plant here. Council members were of the opinion that a plant could be constructed just as cheaply now as at any other time and as the city could well use one here there should be some provision made for it. General dissatisfaction, it is claimed, is being expressed in all sections of the city over the inefficient methods of collecting the refuse.

Missionary Society Meeting.  
Mrs. McCord, Mrs. Russell and Mrs. Smith will be hostesses at the regular monthly meeting of the Women's Missionary society of the First United Presbyterian church to be held Friday evening in the church. In the Freedmen study Mrs. W. L. Fogo will be leader. "American Indians" will be the topic of study by Mrs. L. F. Burris.

## Baseball Game Postponed.

Owing to the fact that the Heimles club will be unable to present a regular lineup, Manager Pyle of the East Liverpool aggregation announced that the game with the Colored Giants, which was scheduled for Central park Wednesday evening, was postponed. The management of the East Liverpool team was unwilling to appear here with a crippled lineup.

## Miss Crawford to Speak.

At a meeting of the Women's Missionary society of the First Presbyterian church Thursday evening, Miss Mazie Crawford, a missionary, will be the principal speaker. An interesting program has been arranged for the affair, including readings by Mrs. E. G. Whitacre and Miss Luella McLean and a vocal solo by Miss Frances Whitacre.

## IMPORTANT ISSUES AT NOVEMBER ELECTION.

Although the fall election is more than eight weeks distant—the date is Tuesday, November 4—it is not too early for the electors in East Liverpool and other sections of Columbiana county to begin to study the many proposals which will be submitted for acceptance or rejection.

Aside from the election of municipal, township, board of education and judicial officers, voters will pass on initiative and referendum proposals, measures supported by the liquor interests, which, if approved, will practically nullify state-wide prohibition and set aside the state legislature's ratification of the federal prohibition amendment. These proposals should be overwhelmingly defeated.

In addition to the state-wide questions, East Liverpool electors will pass judgment on two other issues—the initiative proposal to establish a two-platoon system in the fire department and a two-mill tax levy for road purposes, initiated by the county commissioners. Both proposals demand serious consideration from the elector before he casts his ballot.

Because of the number of ballots—there will be eight or nine—that will be handed the elector when he enters the polls on election day, the average man, pressed for time, is not likely to give the proper study to the respective issues before voting. This apathy on the part of the elector is often responsible for a decision on an issue that is regretted later.

It is the duty of every elector to thoroughly study any ticket, not only before going to the polls but when he receives the ballot, before marking it.

## LOWER TAX FOR BUILDINGS.

One remedy proposed for high rents which is receiving serious attention is the lowering of the tax rate on buildings.

It is pointed out that most of the other remedies suggested have this defect—they would tend to discourage building. With the country as a whole about three years behind in its building program, and with the additional difficulty to be faced of making up the building deficit in a time of high prices for materials and labor, it is evident that building must be encouraged in some positive way.

It is argued that the lower tax solution would at the same time increase building operations and lower rents. It is an old idea, already applied to some extent in this country, gaining force now to meet a new problem. Its adoption anywhere requires state legislation changing the old taxation system, and so it is a rather slow process.

This represents a sort of half-way step toward the Henry George plan of a "single tax," imposed on land alone. Even a slight lowering of building taxes is sure to be opposed by those whose wealth is invested in land rather than in buildings, because they fear that it will raise the land taxes. It is possible, however, that the temporary deficit created by lowering the building rate would soon be made up by the increase in the number of buildings.

The proposal is worth thinking about. It might be found desirable to apply it to houses, at least, in order to promote home-building.

## THE TRAFFIC GAME.

Play the street crossing and traffic games with the children at home, and thus help to avert accidents when they go out upon the streets.

With Mother coming down the living room as a trolley car at full speed, and brother Jim as a motor truck, and Father as the big traffic officer who can stop them all so little Brother and Sister can cross in safety, the question of caution on the streets becomes at once interesting and real to the child who hitherto has regarded "safety first" as only one more parental slogan to be forgotten as soon as the house is out of sight.

The same game can be played out in the yard, and it may be that the neighbor who is a little careless in his driving will stop for a minute to watch, and go away with a new idea in his head.

It is just another application of that old saw about the way which is long by precept and short by example. It is worth trying, in the hope that what the child learns happily in play will remain firmly fixed in his mind when he needs it, and save him from disaster.

## SIX PLUCKY BOYS.

In these days when the whole world is charged with extravagance, and the average young boy and girl expect to begin life where their parents left off, instead of doing a little old fashioned digging for themselves, it is good to hear the story of six young American art students.

Not one of these boys has any supply of money at all, yet they have studied art all summer, painting like mad, day in and day out. They have kept a roof over their heads—a room upstairs over a little grocery, by the way. They have managed to get food enough to live on. Each one contributes \$2 a week to a common fund which furnishes food and fuel. This winter they are going to Bermuda to study and paint.

These lads expect to become painters. They undertake no outside job which means luxurious living or good clothes. They do only such temporary work at odd jobs as will enable them barely to subsist. Their time is devoted to mastering the art which is their ambition.

They will never lack real friends. They will remember these days as the happiest of their lives. They may be successful, and then others will call them "lucky." Plucky is the word, though, and it is a pity there are not more like them.

A bill has been submitted to the Prussian cabinet providing that 170,000,000 marks shall be paid to the kaiser as a result of losses he sustained in abdicating. Why should the Prussian cabinet bother? Just turn him over to some of the French mothers who have not forgotten, and they will mark him for life.

## NEW YORK LETTER

By O. O. MCINTYRE.  
NEW YORK, Sept. 11.—

I was with my wife  
In one corner of a cafe  
With an expensive name,  
Down on Broadway,  
And I looked over  
And saw a man  
In another corner;  
And I knew his face,  
But couldn't think  
Of his name.  
But when my wife  
Spoke to me sharply  
About the noise I was making  
Crunching my celery  
It just occurred to me  
That the man over there  
Used to be my chief.  
And I went to him once  
And asked for a raise  
And you would have thought  
I was breaking up his home  
The way he went on.  
But finally he decided  
That he would raise me \$2,  
Making it \$17 per week.  
Well at any rate  
Here was I in a swell cafe  
With a new suit of clothes,  
And my wife all dressed up.  
Well, you know how it is.  
I decided I'd go over  
And show off a little.  
So I waited awhile  
For the orchestra to stop,  
And I straightened up,  
Fixed my necktie  
And cleared my throat  
And walked across the room  
Like John Drew  
After spurning the gold,  
And about half way across  
I fell over a lap dog  
That ran from under a table.  
And when I got up  
Everybody was snickering;  
But I kept right on,  
And stood by the table  
And announced who I was.  
And he got up and shook hands,  
And while we talked  
I rested my hand  
On the table,  
And it kept getting hotter,  
Until I looked down  
And saw my fingers  
Were dangling  
In the lady's soup.

## DELEGATES TO MEET OF LABOR

Three East Liverpool labor organizations have named delegates to the Ohio Federation of Labor convention which opens in Zanesville October 15 for a four days' session.

Frank Hull will represent Trades and Labor Council at the state meet; E. E. Spivey, Carpenters' and Joiners' union; Thomas Ramsey, local union No. 10, Turners and Handlers of the National Brotherhood of Operative Pottery.

A number of local trade unions will not be represented at the Zanesville meet this year because of the present condition of their treasury. Many organizations invested heavily in war savings stamps and Liberty bonds during the war period and as a result their available funds have been drained low.

Upper Sandusky—It is reported here that Ira R. Pontius, local banker and member of the Democratic state central committee, is to succeed Philip M. Berg as superintendent of banks. Berg, it is reported, will go with banking interests seeking his services. Berg draws a salary of \$5,000. His successor will draw \$7,500, the salary having been raised by the legislature at the request of the banking interests.

## COUNTY SHORT ON QUOTA AT ASYLUM

Columbiana county's quota of patients at the Massillon state hospital for the insane is four short, according to the report just filed with Probate Judge S. W. Crawford. This county is entitled to 154 patients at the institution, while inmates from this county now in the hospital number but 150.

## IMPORTANT ISSUES AT NOVEMBER ELECTION.

Although the fall election is more than eight weeks distant—the date is Tuesday, November 4—it is not too early for the electors in East Liverpool and other sections of Columbiana county to begin to study the many proposals which will be submitted for acceptance or rejection.

Aside from the election of municipal, township, board of education and judicial officers, voters will pass on initiative and referendum proposals, measures supported by the liquor interests, which, if approved, will practically nullify state-wide prohibition and set aside the state legislature's ratification of the federal prohibition amendment. These proposals should be overwhelmingly defeated.

In addition to the state-wide questions, East Liverpool electors will pass judgment on two other issues—the initiative proposal to establish a two-platoon system in the fire department and a two-mill tax levy for road purposes, initiated by the county commissioners. Both proposals demand serious consideration from the elector before he casts his ballot.

Because of the number of ballots—there will be eight or nine—that will be handed the elector when he enters the polls on election day, the average man, pressed for time, is not likely to give the proper study to the respective issues before voting. This apathy on the part of the elector is often responsible for a decision on an issue that is regretted later.

It is the duty of every elector to thoroughly study any ticket, not only before going to the polls but when he receives the ballot, before marking it.

## LOWER TAX FOR BUILDINGS.

One remedy proposed for high rents which is receiving serious attention is the lowering of the tax rate on buildings.

It is pointed out that most of the other remedies suggested have this defect—they would tend to discourage building. With the country as a whole about three years behind in its building program, and with the additional difficulty to be faced of making up the building deficit in a time of high prices for materials and labor, it is evident that building must be encouraged in some positive way.

It is argued that the lower tax solution would at the same time increase building operations and lower rents. It is an old idea, already applied to some extent in this country, gaining force now to meet a new problem. Its adoption anywhere requires state legislation changing the old taxation system, and so it is a rather slow process.

This represents a sort of half-way step toward the Henry George plan of a "single tax," imposed on land alone. Even a slight lowering of building taxes is sure to be opposed by those whose wealth is invested in land rather than in buildings, because they fear that it will raise the land taxes. It is possible, however, that the temporary deficit created by lowering the building rate would soon be made up by the increase in the number of buildings.

The proposal is worth thinking about. It might be found desirable to apply it to houses, at least, in order to promote home-building.

## THE TRAFFIC GAME.

Play the street crossing and traffic games with the children at home, and thus help to avert accidents when they go out upon the streets.

With Mother coming down the living room as a trolley car at full speed, and brother Jim as a motor truck, and Father as the big traffic officer who can stop them all so little Brother and Sister can cross in safety, the question of caution on the streets becomes at once interesting and real to the child who hitherto has regarded "safety first" as only one more parental slogan to be forgotten as soon as the house is out of sight.

The same game can be played out in the yard, and it may be that the neighbor who is a little careless in his driving will stop for a minute to watch, and go away with a new idea in his head. It is just another application of that old saw about the way which is long by precept and short by example. It is worth trying, in the hope that what the child learns happily in play will remain firmly fixed in his mind when he needs it, and save him from disaster.

## WITH THE WOMEN OF TODAY

A course in industrial medicine to prepare men for service in safeguarding the health of workers in factories has been established in the Harvard Medical School. New England manufacturers have contributed \$125,000 for the undertaking.

Only those possessing a medical degree from a recognized medical school and individuals whose previous training would admit them to matriculation for the Ph. D. degree in hygiene will be admitted. The course will extend over eight months, the first four months of which will be spent in the Harvard Medical School. During the latter four months the students will be given practical assignments as assistant physicians in the medical department of industries in the neighborhood of Boston.

Among the new appointments to the faculty made necessary by the inauguration of the new course is Dr. Alice Hamilton, the first woman to be placed in a professional position in Harvard University. She will be assistant professor of industrial medicine and will conduct the special course in industrial poisoning and assist in the occupational clinic at the Massachusetts General Hospital. She is a graduate physician, and was formerly a special investigator in industrial medicine for the United States department of labor.

The Federated Women's clubs of Canada has officially recognized the Housekeepers' Association of Calgary, which has put forth a progressive little fourteen-point treaty of its own.

The fact that the first point is a promise of "good behavior and my best service to my employer," shows the reasonableness of the association. Some of the things it stands for on the other side are ten hours as a day's work, with 15 cents pay for each hour overtime; Sunday evenings free after 6:30; the name of "housekeeper" instead of "girl" or "servant;" the privilege of going in and out of the front door; a suitable room in which to entertain friends until 10 o'clock; proper board and comfortable and sanitary lodgings.

"In at 11 every night" is point No. 9. Of course the amount of the monthly wage is to be written in and the engagement may be terminated on two weeks' notice from either side.

If any of the fourteen points are violated, the engagement may be terminated immediately by either party. All complaints on either side are to be laid before an arbitration board composed of members of the Housekeepers' association, pledged to act justly and with dispatch.

### EAT, DRINK, BE MERRY IS AFTER-WAR MOTTO.

Englishwomen are playing golf and tennis, shooting and rowing, they are drinking tea with sugar and cream in it and eating little round cakes with thick white icing.

This reaction from wartime rigor is described by Beatrice Forbes-Robertson Hale, who has recently returned from England, where she has been collecting data for her winter lectures.

"There is at present a slump in effort by Englishwomen," according to Mrs. Hale. "They worked and worried so long that now they are suffering a reaction and going, perhaps, to an extreme in eating, drinking, buying, dressing and dancing. My chief interest lies in the labor question and strikes are not specifically more serious in England than they are anywhere else at present. No bitterness is felt toward the aristocracy or even toward the employer, but rather to the nouveau riche and the profiteer. It is war to the teeth against these two classes. Labor is agitating for two things over there, first, a share in control; second, a fairer share in industrial profits."

Women will be interested to know that Anne Martin of Nevada will again make the race for United States senator. Miss Martin, it may be remembered, was the first woman to run for the upper house. In 1918

Miss H. Anna Quimby.

Miss H. Anna Quimby is the Columbus attorney who is a vigorous exponent of the whipping post and other old-fashioned methods of punishment for the men who are brutes enough to maltreat their wives. In a recent speech she compared the large fines required for cruelty to animals with the small fines exacted for beating wives.

she announced her candidacy for the senate to complete the unexpired term of the late Senator Francis G. Newlands. In 1918 she made the race without the nomination of either the majority parties, but this time she hopes to run on a straight Republican platform.

Miss Martin has long been prominent in suffrage circles. Her work for the cause in connection with the National Woman's party, formerly the Congressional Union, is well known. She was vice chairman of the National Woman's party, and for six years has been a leader in the fight for national enfranchisement of women. Before entering the federal work Miss Martin organized the Nevada suffrage campaign and won in the face of the opposition of both political machines.

The daughter of William O'Hara Martin, for many years a senator in the Nevada legislature, she was graduated from Nevada University and received degrees from Leland Stanford and Cambridge college in England. She also studied at Columbia and at the Universities of London and Leipzig. She later toured European countries to study governmental problems. She has the distinction of being the first woman member of the Nevada educational survey commission. And just to show that despite her wonderful mind and training she is still a typical American woman of versatile talents, although far above the average in achievements, she was once state tennis champion.

### Professional Honors for Women.

Miss Christian Krysto, a member of the staff of the bureau of immigrant education of the state commission of immigration and housing of California, was designated by that organization to assist the United States government in the education of foreign soldiers at Camp Kearney.

Dr. Katherine B. Davis of the bureau of social hygiene of the Rockefeller Foundation holds the degree of bachelor of arts from Vassar, master of arts from Yale, doctor of philosophy from the University of Chicago and doctor of laws both from Mount Holyoke and Western Reserve.

## MANY EAST LIVERPOOL VETERANS IN PARADE

Nearly a score of East Liverpool's Civil war veterans marched in Wednesday's street parade staged in Columbus as a feature of the grand encampment of the Grand Army of the Republic.

Jason Neville, officer of the local Post, was color bearer for the Department of Ohio and led Ohio's contingent in the grand procession. A heavy downpour of rain failed to daunt the spirits of the gray-haired veterans of more than half a century ago.

Veterans of three wars and their descendants marched in the parade, the blue of the Civil war mingling with the khaki of the Spanish-American and World wars. Hundreds of the heroes of the stirring days of '61-'65 who were unable to retain their places in the ranks were conveyed in automobiles.

Youngstown—Street car fare on the Youngstown Municipal railway may go to eight cents. This announcement has been made by the company. It is predicted that the fare will go to seven tickets for 50 cents and a cent for transfers about Sept. 15.

## BRUSSELS WON LEAGUE FLAG

Brussels, Belgium, Sept. 9 — Brussels won the pennant in the Belgium-Holland Baseball league, and the 200 American soldiers stationed here are duly elated. Antwerp, which was the headquarters for the Antwerp-Rotterdam base of the S. O. S. got second place, and Rotterdam and The Hague brought up the rear. All the boys are happy, however, for they feel they have done important missionary work in these, from a baseball angle, benighted lands. They not only have awakened in the breasts of the citizens of these countries the rudiments of understanding and yearning for America's grand old game. The Belgians and Hollanders have progressed to such a point that they understand baseball about as well as the average American woman does. More important, the Belgian boys have begun "bating 'em up" on the commons, and the Dutch kiddies are playing "any over" over the canals.

Frank M. Paul, Y. M. C. A. athletic director for the base section, brought about these results. Paul organized a league with seven clubs among the soldiers at Antwerp, Brussels, Rotterdam and The Hague, and the sailors plying between Rotterdam and Hamburg and Danzig.

It was a real baseball league, even to the unofficial nomenclature of the clubs. The Rotterdam soldiers were called the "Old Dutch Cleansers." The Brussels boys were known as "The Sproutville Nine," the team from The Hague "the Daveys," and so on.

The boys in Holland were greatly handicapped by the inability to obtain playing and practice grounds.

Near Rotterdam, for example, not bisected by at least three water ditches. An outfielder finds it discouraging to fall into a canal every time he goes after a long fly. The Rotterdam nine always practiced in bathing suits. The canals, however, came in handy for ducking umpires, and the Rotterdam boys had as much fun out of the league as did anybody.

## WITH THE WOMEN OF TODAY

A course in industrial medicine to prepare men for service in safeguarding the health of workers in factories has been established in the Harvard Medical school. New England manufacturers have contributed \$125,000 for the undertaking.

Only those possessing a medical degree from a recognized medical school and individuals whose previous training would admit them to matriculation for the Ph. D. degree in hygiene will be admitted. The course will extend over eight months, the first four months of which will be spent in the Harvard Medical school. During the latter four months the students will be given practical assignments as assistant physicians in the medical department of industries in the neighborhood of Boston.

Among the new appointments to the faculty made necessary by the inauguration of the new course is Dr. Alice Hamilton, the first woman to be placed in a professorial position in Harvard University. She will be assistant professor of industrial medicine and will conduct the special course in industrial poisoning and assist in the occupational clinic at the Massachusetts General hospital. She is a graduate physician, and was formerly a special investigator in industrial medicine for the United States department of labor.

## PLAN TO HONOR SERVICE MEN

**Northside Men Will Be Guests at Homecoming Reception Sept. 19.**

Returned service men of the Northside will be guests of honor at a homecoming reception to be staged in the Orchard Grove Methodist Episcopal church Friday evening, September 19.

The affair will be held under auspices of the Northside Booster Club. Returned soldiers, sailors, marines and others who wore the uniform of the United States during the world war who reside in the Northside district, bounded on the south by Bank street and on the north by the Park boulevard, will be welcomed to the affair.

The evening's program of activities will be inaugurated with a sumptuous supper to be served in the basement of the church. Only the service men will be seated at the banquet table. At 8 o'clock, a memorial service will be held in the auditorium of the church. Judge W. H. Vodrey will likely be the principal speaker at this occasion. Rev. C. W. Cooper, pastor of the church, will also take a prominent part in the program. Every resident of the Northside and other will be invited to attend the memorial service. Invitations were sent out Thursday morning to between 50 and 60 ex-service men in the Northside eligible to attend the affair.

A committee composed of William Pittenger, president; John W. Smith, secretary and Frank Knowles, treasurer, has been named to complete arrangements for the function. Other meetings of this committee will be held within the ensuing two weeks to perfect the program for the affair.

The choir of the Orchard Grove church will render a special program of appropriate musical numbers as a part of the memorial service in the church auditorium.

After the regular program was given, an address was made by the pastor, Rev. John Reinartz, on racial instruction work. Religious songs were sung.

## FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

cial hour was enjoyed. The selection of delegates to the national convention to be held in Pittsburgh in October was postponed until the next meeting. At the close of the affair luncheon was served by Mrs. Wessner, assisted by Mrs. Henry Horst and Mrs. T. Eckert.

## K. of S. Officers Elected.

The Knights of Ladies of Security initiated three candidates and elected the following officers Wednesday evening: J. D. ## PLAN TO HONOR SERVICE MEN

**Northside Men Will Be Guests at Homecoming Reception Sept. 19.**

Returned service men of the Northside will be guests of honor at a homecoming reception to be staged in the Orchard Grove Methodist Episcopal church Friday evening, September 19. The affair will be held under auspices of the Northside Booster Club. Returned soldiers, sailors, marines and others who wore the uniform of the United States during the world war who reside in the Northside district, bounded on the south by Bank street and on the north by the Park boulevard, will be welcomed to the affair.

The evening's program of activities will be inaugurated with a sumptuous supper to be served in the basement of the church. Only the service men will be seated at the banquet table. At 8 o'clock, a memorial service will be held in the auditorium of the church. Judge W. H. Vordrey will likely be the principal speaker at this occasion. Rev. C. W. Cooper, pastor of the church, will also take a prominent part in the program. Every resident of the Northside and other will be invited to attend the memorial service. Invitations were sent out Thursday morning to between 50 and 60 ex-service men in the Northside eligible to attend the affair.

A committee composed of William Pittenger, president; John W. Smith, secretary and Frank Knowles, treasurer, has been named to complete arrangements for the function. Other meetings of this committee will be held within the ensuing two weeks to perfect the program for the affair.

The choir of the Orchard Grove church will render a special program of appropriate musical numbers as a part of the memorial service in the church auditorium.

## BEAVER COLLEGE STAFF ELECTIONS COMPLETED

With strengthened faculty and bright prospects ahead, Beaver College will open next week, with registration of students beginning Monday. Already a number have registered. The residence hall will be full to overflowing and some of the students will be compelled to live in the house economies building. Such was the announcement today of President Horace B. Haskell.

Staff elections have been completed, four new names being added to the personnel of instructors. These are Elizabeth Diantha Clark, who will teach Romance languages and history of art; Hannah Amelia Stillman, who will be the director of household economics; Alvaretta Jamison, who will be supervisor of public school music, and Alice J. Reed, who will be matron of the institution.

Miss Clark comes to Beaver from Dakota Wesleyan, where she taught. To there she went from Ohio Wesleyan. She matriculated at the University of Illinois and Columbia University. Miss Stillman comes from Western R. L. and holds a degree from Rhode Island State College. Miss Jamison is from Beaver Falls. She holds degrees from Geneva College, Columbia and Cornell and will carry out the methods of Cornell in her local work. Miss Reed comes from Topeka, Kan., where she was dietitian at one of the large hospitals. Her home is in Erie and she formerly was located at Grove City College and at Philadelphia in dietetics work.

Under Miss Stillman's direction work of installing equipment in the new household economics department is progressing. She is the youngest director of a department ever employed at Beaver College, and her early thoroughness in preparation has brought her compliments. Four courses will be taught in each semester of the year, teaching sewing, preparation of food, and hygiene and sanitation.

In the other departments of the institution will be found the following well known educators:

Dean of women, Alta May Bailey, who will teach Latin and English;

## Rheumatism

A Home Cure Given by One Who had it. In the spring of 1898 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

## CROSSER AND WHITE TO MAKE SPEECHES HERE

State Representative and Senator Accept Labor's Invitation.

MEETING SEPTEMBER 17

Will Discuss Merits of Proposed State Constabulary Bill.

State Senator C. A. White and State Representative E. M. Crosser, both of Lisbon, have accepted Trades and Labor Council's invitation to deliver addresses before that body next Wednesday night, Sept. 17.

Both Crosser and White will likely discuss the merits of the proposed state constabulary bill now pending before the Ohio legislature. The measure was not pressed for passage when presented at the last session because

At the Ceramic, three days commencing today.

of decided opposition from organized labor. It was rumored that advocates of the bill are planning to reintroduce it when the state assembly convenes in December.

Before Trades and Labor council will take a stand on the measure, it was decided to invite the two members of the legislature from this county to explain the bill.

## Doctor Tells How to Detect Harmful Effects of Tobacco

### Try These SIMPLE TESTS

New York: Doctor Connor, formerly of John Hopkins hospital, says: Many men who smoke, chew or snuff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been afflicted had it not been for the use of tobacco, and thousands would soon get well if they would only stop the use of tobacco. The chief habit forming principle of tobacco is nicotine, a deadly poison which, when absorbed by the system slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effect of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer or the common affliction known as tobacco heart. If you use tobacco in any form you can easily detect the harmful effects by making the following simple tests. Read along one full page from a book. If, in the course of reading your voice becomes muffled, hoarse and indistinct, and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking your usual smoke, walk up three flights of stairs at a regular

pace, then stop. If you find that you are out of breath, your heart beat is forced, trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew or snuff to quiet your nerves, you are a slave to the tobacco habit, and are positively poisoning yourself with the deadly drug, nicotine. In either case you have just two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco, the craving will have left you. With the nicotine poison out of your system your general health will quickly improve.

Note—When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit; away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Charles T. Larkins.

**BEAVER COLLEGE STAFF  
ELECTIONS COMPLETED**

With strengthened faculty and  
bright prospects ahead, Beaver Col-  
lege will open next week, with regis-  
tration of students beginning Monday.  
Already a number have registered.  
The residence hall will be full to over-  
flowing and some of the students will  
be compelled to live in the house econ-  
omies building. Such was the an-  
nouncement today of President Hor-  
ace B. Haskell.

Staff elections have been completed,  
four new names being added to the  
personnel of instructors. These are  
Elizabeth Diantha Clark, who will  
teach Romance languages and history  
of art; Hannah Amelia Stillman, who  
will be the director of household econ-  
omies; Alvaretta Jamison, who will  
be supervisor of public school music,  
and Alice J. Reed, who will be ma-  
trons of the institution.

Miss Clark comes to Beaver from  
Dakota Wesleyan, where she taught.  
To there she went from Ohio Wesley-  
an. She matriculated at the Univer-  
sity of Illinois and Columbia Univer-  
sity. Miss Stillman comes from Wes-  
terly, R. I., and holds a degree from  
Rhode Island State College. Miss  
Jamison is from Beaver Falls. She  
holds degrees from Geneva College,  
Columbia and Cornell and will carry  
out the methods of Cornell in her lo-  
cal work. Miss Reed comes from To-  
peka, Kan., where she was dietitian  
at one of the large hospitals. Her  
home is in Erie and she formerly was  
located at Grove City College and at  
Philadelphia in dietetics work.

Under Miss Stillman's direction  
work of installing equipment in the  
new household economies department  
is progressing. She is the youngest  
director of a department ever em-  
ployed at Beaver College, and her  
early thoroughness in preparation has  
brought her compliments. Four  
courses will be taught in each semes-  
ter of the year, teaching sewing, pre-  
paration of food, and hygiene and san-  
itation.

In the other departments of the in-  
stitution will be found the following  
well known educators:

A Home Cure Given by One Who had it  
In the spring of 1918 I was attacked by  
Muscular and Inflammatory Rheumatism. I  
suffered as only those who have it know,  
for over three years. I tried remedy after  
remedy and doctor after doctor, but such  
relief as I received was only temporary.  
Finally, I found a remedy that cured me  
completely, and it has never returned. I  
have given it to a number who were terri-  
bly afflicted and even bedridden with Rheu-  
matism, and it effected a cure in every  
case.  
I want every sufferer from any form of  
rheumatic trouble to try this marvelous  
healing power. Don't send a cent; simply  
mail your name and address and I will  
send it free to try. After you have used  
it and it has proven itself to be that long-  
looked-for means of curing your Rheuma-  
tism, you may send the price of it, one  
dollar, but, understand I do not want your  
money unless you are perfectly satisfied to

## ARRESTED FOR EVADING TAX

The first arrest to be recorded in Hancock county for evasion of the government tax was made Wednesday when Jennie Tuskcheck was taken in custody at Weirton. He conducted a coffee house near the strip steel mills and is said to have hid on three occasions that a government collector visited his store.

Tuskcheck is now in the Ohio county jail at Wheeling, having been handed over to U. S. Deputy Commissioner Boyd at Wheeling. He is a Turk and is charged with selling taxable goods for more than nine months and not paying a cent of tax. Deputy U. S. Marshal Shortz was in Weirton not long ago investigating the tax laws but could not locate Tuskcheck. Investigation found that he had eluded the collectors on previous occasions. Officer Applegate succeeded in locating him and took him to Wheeling.

The minimum sentence in his case is 90 days in jail and a fine of \$100. A double charge of resistance may also be lodged.

**Baseball Game at Weirton.**  
Pittinger and Price will be the battery to start next Sunday's game for Weirton Steel against the crack P. J. Sullivan, who are coming to the steel town from Pittsburgh for a second game with the locals. Weirton won last Sunday, 9 to 6.

**New Railroad Siding.**  
The trestle of the P. C. C. & St. L. railroad below lower Holliday's Cove is to hold still another track. Work has been started on the new siding which will go to the east of the main double track. The siding is in connection with the big yards now under construction at the end of the Chester branch over which hundreds of cars are run each day, to and from the big plants of the Weirton Steel company and other industries.

## BUILDING BOOM STARTS IN BROOKE COUNTY

Ten carloads of lumber, to be used in the erection of new houses, were unloaded Wednesday at Beech Bottom, which place is rapidly assuming the proportions of a city. The erection of these houses will begin at once and will be occupied as soon as completed.

Only a few years ago, houses were few and far between, but since recent operations among the power works and the Whitaker-Glessner steel mills, not only have houses gone up almost over night, but other improvements, such as the laying of gas mains, etc., are being made. It is thought that when the present high prices of material come down, operations will begin on another addition to the Whitaker-Glessner mills, which will mean further improvement in that part of the county.

## NEW PASTOR NAMED FOR FOLLANSBEE CHURCH

Rev. W. T. Parsons, pastor of the First Presbyterian church, president; Mrs. Frank Huff Sr., of the First Christian church, vice president; Mrs. William James, of the First United Presbyterian church, secretary-treasurer.

Delegates were present from all the 16 Sunday school in the Grant district.

## Kills Pesky Bed Bugs P.D.Q.

A Two ounce box of P.D.Q. makes a full quart of the best bug killer on earth. Better than a barrel of old-fashioned bug killer.

P.D.Q. [Pesky Devil's Quiescent] kills like a 42-centimeter shell. It settles bedbugs, fleas, roaches, ants and chiggers like, and not only kills the live pests, but the eggs as well.

P.D.Q. won't injure clothing, carpets, curtains, draperies or wall paper. Try it on the dog and see the fleas drop.

## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

## ARRESTED FOR EVADING TAX

The first arrest to be recorded in Hancock county for evasion of the government tax was made Wednesday when Jennifer Tuscheck was taken in custody at Weirton. He conducted a coffee house near the strip steel mills and is said to have hid on three occasions that a government collector visited his store.

Tuscheck is now in the Ohio county jail at Wheeling, having been handed over to U. S. Deputy Commissioner Boyd at Wheeling. He is a Turk and is charged with selling taxable goods for more than nine months and not paying a cent of tax. Deputy U. S. Marshal Short was in Weirton not long ago investigating the tax laws but could not locate Tuscheck. Investigation found that he had eluded the collectors on previous occasions. Officer Applegate succeeded in locating him and took him to Wheeling.

The minimum sentence in his case is 90 days in jail and a fine of \$100. A double charge of resistance may also be lodged.

**Baseball Game at Weirton.**  
Pittenger and Price will be the battery to start next Sunday's game for Weirton Steel against the crack P. J. Sullivan, who are coming to the steel town from Pittsburgh for a second game with the locals. Weirton won last Sunday, 9 to 6.

**New Railroad Siding.**  
The trestle of the P. C. C. & St. L. railroad below lower Holliday's Cove is to hold still another track. Work has been started on the new siding which will go to the east of the main double track. The siding is in connection with the big yards now under construction at the end of the Chester branch on which hundreds of cars are run each day, to and from the big plants of the Weirton Steel company and other industries.

## BUILDING BOOM STARTS IN BROOKE COUNTY

Ten carloads of lumber, to be used in the erection of new houses, were unloaded Wednesday at Beech Bottom, which place is rapidly assuming the proportions of a city. The erection of these houses will begin at once and will be occupied as soon as completed.

Only a few years ago, houses were few and far between, but since recent operations among the power works and the Whittaker-Glessner steel mills, not only have houses gone up almost over night, but other improvements, such as the laying of gas mains, etc., are being made. It is thought that when the present high prices of material come down, operations will begin on another addition to the Whittaker-Glessner mills, which will mean further improvement in that part of the county.

## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave behind in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this limestone phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

**JACK DEMPSEY  
IS READY TO  
DEFEND TITLE**

Willing to Meet Challenger  
Before First of

GETS MANY OFFERS

Prefers to Answer Bell in  
Some American  
Ring.

By JACK VELOCK.

PHILADELPHIA, Sept. 11. — Jack Dempsey wants to defend his title as heavyweight champion of the world before the first of the year.

What's more, he hopes to answer the bell in defense of his crown for the first time on American soil. He may decide to go abroad for a battle with Joe Beckett or Georges Carpentier if they refuse to cross the pond, but may take on several American fighters who are clamoring for a match before he leaves the U. S. A. Jack Kearns, hustling manager of the champ, told the writer today that Dempsey is hungry for action.

"Jack is tiring of the stage," said Kearns. "He is a fighter, not an actor. He wants to feel the resin under his feet again and the sooner the better. The glare of the footlights and the plaudits of admiring audiences thrilled Dempsey for a time, but the stage is palling on him now."

"Before Jack became champ he promised to keep busy should he defeat Jess Willard. He is going to keep his promise. As long as the promoters can dig up opponents for him he will take them on and they can't come too fast."

"Ever since the battle of Maumee Bay we have been swamped with offers of every variety. Most of these have included either Beckett or Carpentier as Dempsey's opponent and of course they were tentative on the promoter securing the services of one of these men."

"Dempsey wants to defend his title for the first time in this country, but if no suitable opponent can be induced to meet him here he will go abroad. He doesn't mean to remain idle. Billy Miske or Willie Meehan may get a chance at Jack. Both have been mentioned to us by promoters and while we would prefer to have Beckett or Carpentier come here we will take on either of these men if given sufficient inducements."

"Two big American promoters are going to Europe within a few weeks to try to swing Beckett and Carpentier into line. Matt Hinkel of Cleveland has offered us \$150,000 for a bout with either of them in Ohio. He is going aboard within a few weeks. So is James Dougherty of this city, who will guarantee us as much money as any one for a six-round bout right

DID LARRY KOPF HAVE A HUNCH THAT THE CINCI REDS WERE DUE TO COP PENNANT?

Larry Kopf, laying one down.

Brooklyn fans were mighty sore last spring when Larry Kopf refused to report to them and insisted on remaining with Cincinnati.

By N. E. BROWN.

Brooklyn fans were mighty sore last spring when Larry Kopf refused to report to them and insisted on remaining with Cincinnati. Many thought Larry was foolish. The Dodgers had a fairly strong team and it looked as though a classy shortstop would put them in the pennant fight. But Larry must have had the hunch that the Reds were due to cop. Be that as it may, Kopf will share in the world series melon cutting this year and the Dodgers fizzled.

Larry's real name is William Lawrence Kopf. Probably his folks, here in Philadelphia with either Carpentier or the Englishman.

"George Baillieu of Sidney called me from New York yesterday and increased his offer for a bout between Dempsey and Beckett or Carpentier to \$100,000. He wants to stage the bout in Australia, and he is leaving for Europe this week to make an effort to land one of the men. We have also received several attractive propositions from London and Paris promoters."

"Dempsey may take on both Meehan and Miske here. The Reno (Nevada) Athletic club has made a standing offer of \$60,000 for a Dempsey-Meehan bout in January. Down in New Orleans they want Jack and Miske for a 20-round bout at the race meet this winter."

Dundee Gets Decision.

PROVIDENCE, R. I., Sept. 11.—Johnny Dundee today holds a 12-round decision over Frankie Britt of New Bedford. Dundee was Britt's master in every round.

back in Bristol, Conn., where he was born in 1893, called him Willie.

Kopf broke into baseball with the Fordham college team. Cleveland grabbed him off in 1912 and farmed him out to Toledo. Later he was turned over to the Athletics, playing second base for them in 1914 and 1915. Baltimore obtained his services the next year. The Red scouts reported him nearly ripe to star in 1917 and Garry gobbled him up. Last year he played a while with Fore River and then entered the army. He has been playing spectacular ball all season for Moran.

**TWO CONTESTS  
ARE CANCELLED**

Owing to the fact that he will be unable to present a regular lineup, Manager Shel Pyle of the Heimies club announces that two games, one with the Colored Giants of Wellsville and one with the Newell Independents will be canceled.

The game with the Giants was scheduled for Thursday evening while the Newell-Heimies engagement was to have been a Friday evening's event. Several of the Heimies players will be unable to appear with Pyle's crew, he said, necessitating the cancellation, rather than play with a crippled lineup.

The 1919 University of Pittsburgh football team will be composed entirely of Pennsylvania men with two exceptions. They are Cliff Brown of East Liverpool and Stein of Niles. Both are graduates of Kiski preparatory school.

Brown has been a candidate for football honors at Pitt for the past several seasons and has steadily been ascending. It is likely that he will land a regular job with the Warner outfit this fall.

Stein played fullback for the victorious Niles high school team of 1915. He's big and husky and fast on his feet. He was practically the entire Niles team that season. His work was largely instrumental in defeating the East Liverpool high team in the opening game of the season there. Fans will recall the struggle the local boys put up against their heavier opponents and especially that memorable event in the last quarter when the pigskin, after leaving the toe of Stein, in Niles' territory, descended squarely on the uncovered head of St. Sim-

mons, who was playing quarter for the blue and white, evoking roars from the crowd.

Twenty-seven members of the Pitt team are from Greater Pittsburgh. Krotzer, Aschman and Krutzert, the first two from Beaver high, and the latter from Woodlawn, will make bids for places on the team. Fourteen members of the squad are from the outlying sections of western Pennsylvania, such as Tarentum, Greensburg, Johnstown, Punxsutawney, etc.

**TAGGING THE BASES**

Caldwell pitched a no-hit, no-run game against the Yanks in the first half of a double header, besting Carl Mays. Cleveland won both games.

The Giants collected 18 hits for 23 bases against the Cub Pitchers.

Mamaux's wildness helped the Cardinals win a wild and woolly game from the Dodgers.

Hits by Daubert, Rousch and Duncan gave the Reds two runs while Slim Sallee blanked the Phillies.

The Chester Athletics are scheduled for a stiff battle Thursday evening when they clash with Joe Dickey's Newell outfit at Rock Springs park.

The Chester club will use the following players: Wilson W. McMath, Potts, Riley, Frost, Duncan, Finley, L. McMath, Ridgely, C. Marshall, Cochrane, Allison, Green, 'Fat' Marshall, Werkheiser, Commodore and E. Bennet.

The Chester pitching staff is well bolstered for the fray Thursday evening. Riley, Frost, Duncan and Finley are all in good shape and any of them may be used. It is likely that Frost or Riley will be sent to the mound however, as both Finley and Duncan have worked in recent games.

With half of the Atlanta club in the lineup the Athletics again defeated Detroit. After Dause had allowed but one hit in eight innings he blew up in the ninth.

IS READY TO  
DEFEND TITLE**

Willing to Meet Challenger  
Before First of

GETS MANY OFFERS

Prefers to Answer Bell in  
Some American  
Ring.

By JACK VEIOCK.

PHILADELPHIA, Sept. 11. — Jack Dempsey wants to defend his title as heavyweight champion of the world before the first of the year.

What's more, he hopes to answer the bell in defense of his crown for the first time on American soil. He may decide to go abroad for a battle with Joe Beckett or Georges Carpentier if they refuse to cross the pond, but may take on several American fighters who are clamoring for a match before he leaves the U. S. A. Jack Kearns, hustling manager of the champ, told the writer today that Dempsey is hungry for action.

"Jack is tiring of the stage," said Kearns. "He is a fighter, not an actor. He wants to feel the resin under his feet again and the sooner the better. The glare of the footlights and the plaudits of admiring audiences thrilled Dempsey for a time, but the stage is palling on him now."

"Before Jack became champ he promised to keep busy should he defeat Jess Willard. He is going to keep his promise. As long as the promoters can dig up opponents for him he will take them on and they can't come too fast."

"Ever since the battle of Maumee Bay we have been swamped with offers of every variety. Most of these have included either Beckett or Carpentier as Dempsey's opponent and of course they were tentative on the promoter securing the services of one of these men."

"Dempsey wants to defend his title for the first time in this country, but if no suitable opponent can be induced to meet him here he will go abroad. He doesn't mean to remain idle. Billy Miske or Willie Meehan may get a chance at Jack. Both have been mentioned to us by promoters and while we would prefer to have Beckett or Carpentier come here we will take on either of these men if given sufficient inducements."

"Two big American promoters are going to Europe within a few weeks to try to swing Beckett and Carpentier into line. Matt Hinkel of Cleveland has offered us \$150,000 for a bout with either of them in Ohio. He is going aboard within a few weeks. So is James Dougherty of this city, who will guarantee us as much money as any one for a six-round bout right

DID LARRY KOPF HAVE A HUNCH THAT THE  
CINCI REDS WERE DUE TO COP PENNANT?

Larry Kopf, laying one down.

Brooklyn fans were mighty sore last spring when Larry Kopf refused to report to them and insisted on remaining with Cincinnati.

By N. E. BROWN.

Brooklyn fans were mighty sore last spring when Larry Kopf refused to report to them and insisted on remaining with Cincinnati. Many thought Larry was foolish. The Dodgers had a fairly strong team and it looked as though a classy shortstop would put them in the pennant fight. But Larry must have had the hunch that the Reds were due to cop. Be that as it may, Kopf will share in the world series melon cutting this year and the Dodgers fizzled.

Larry's real name is William Lawrence Kopf. Probably his folks,

back in Bristol, Conn., where he was born in 1893, called him Willie.

Kopf broke into baseball with the Fordham college team. Cleveland grabbed him off in 1912 and farmed him out to Toledo. Later he was turned over to the Athletics, playing second base for them in 1914 and 1915. Baltimore obtained his services the next year. The Red scouts reported him nearly ripe to star in 1917 and Garry gobbled him up. Last year he played a while with Fore River and then entered the army. He has been playing spectacular ball all season for Moran.

**TWO CONTESTS  
ARE CANCELLED**

Owing to the fact that he will be unable to present a regular lineup, Manager Shel Pyle of the Heimies club announces that two games, one with the Colored Giants of Wellsville and one with the Newell Independents will be canceled.

The game with the Giants was scheduled for Thursday evening while the Newell-Heimies engagement was to have been a Friday evening's event. Several of the Heimies players will be unable to appear with Pyle's crew, he said, necessitating the cancellation, rather than play with a crippled lineup.

Cliff Brown Trying for Place  
On Pitt Team—Stein of Niles  
Only Other Ohio Candidate.

The 1919 University of Pittsburgh football team will be composed entirely of Pennsylvania men with two exception. They are Cliff Brown of East Liverpool and Stein of Niles. Both are graduates of Kiski preparatory school.

Brown has been a candidate for football honors at Pitt for the past several seasons and has steadily been ascending. It is likely that he will land a regular job with the Warner outfit this fall.

Stein played fullback for the victorious Niles high school team of 1915. He's big and husky and fast on his feet. He was practically the entire Niles team that season. His work was largely instrumental in defeating the East Liverpool high team in the opening game of the season there. Fans will recall the struggle the local boys put up against their heavier opponents and especially that memorable event in the last quarter when the pigskin, after leaving the toe of Stein, in Niles' territory, descended squarely on the uncovered head of St. Sim-

# ACTIVE YEAR IN PLAYER MARKET

1919 Season Featured by  
Many Trades and Sales—  
John McGraw Prominent in  
Many Deals.

NEW YORK, Sept. 11. — Numerous player deals have featured the 1919 major league season.

There has been a constant wave of trading, releasing, selling and generally shifting the players around, ever since last spring before the big league teams started for the Southland and training camps.

In trades, sales and releases the managers of the National league have been the most active. John McGraw, for instance, has been the busy bird in the player market. He has been switching players about ever since April 23 when he started his shuffling of the deck by picking up Pitcher Jean Dubuc, who had been given a trial with the Red Sox. Next he claimed Lee King from the Pirates when waivers were asked on the player, and the following day he sent Pitcher Bob Steele to Indianapolis.

Next McGraw sent Eddie Sickling to the Phillies, and when waivers were asked on Pat Ragan by the Boston club McGraw promptly picked the pitcher up. The next move was to send Jim Thorne to the Boston Braves.

Shortly after taking Ragan on, McGraw found him to be of little use to New York and handed him his unconditional release, whereupon he was annexed by the White Sox. McGraw has since secured Gonzales and Snyder from the Cardinals, sending Ferdie Schupp and a bundle of cash to St. Louis. He has also purchased George Kelly from Rochester and traded Cooney from Providence and traded George Smith to the Phillies for Joe Geisiger, picked up Arnold Stutz and Frank Frisch, colleagues and traded Cecil Causey, Oeschger, Johnny Jones and George O'Neil to the Braves for Arthur Nehf and a sum said to have been \$40,000. Then there was the Douglas-Robertson deal with the Cubs. Quite a busy season in the player market for Lil' Mac, we'd say. And with all of it he couldn't win, abduct or purchase the National League rag.

George Stallings has also had a busy season. On top of the Nehf, Ragan and Thorne deals with the Giants he

has sold Ed Koney to the Robins, purchased Walt Cruise from the Cards and Boeckel from the Pirates, grabbed Larry Cheney on waivers and released him to the Phillies, to which he also sold Russ Blackburne, and capped the climax by sending Charley Herzog to Chicago for Mann and Pick. Brooklyn, in addition to the Konetchy deal, swapped Lee Magee to the Cubs for Pete Kilduff.

When Gavy Cravath became manager of the Phillies, after their deals with the Giants and Braves, he swapped Doug Baird, Elmer Jacobs and Frank Woodward to the Cardinals for Lee Meadows and Gene Balett. He then traded Whitted to Pittsburgh for Stengel, but got a bad break on the deal when Stengel refused to report. His last move was the purchase of Cheney from Boston.

The Cubs have registered the Kilduff-Magee, Douglas-Robertson and Mann-Pick-Herzog deals. The Cards sent Dixie Davis to Louisville for Vernon Clemens, disposed of Cruise, Snyder and Gonzales and dealt with the Phillies as aforementioned.

The Pirates, aside from the King, Boeckel and Stengel deals, sold Erskine Mayer to the White Sox and released Warner to Kansas City. The Reds have made no trades during the season, but prior to that brought about the Daubert, Rath, Raridan and Salee deals. They have purchased the New England League and Charley See from Rochester.

The Red Sox have been active, trading Barry and Strunk back to the Athletics for Roth and Shannon, selling Mays to the Yanks, James to the White Sox and releasing Caldwell and Shean. The purchase of Al Wickland and the sale of Leonard to Detroit are the only deals made by the Yanks since the season opened, aside from the Mays deal with Boston.

Detroit traded Pitcher Erickson to Washington for Doc Ayers and released Cooney to Providence, whence that young man came to the Giants. Cleveland released Lee Fohl as manager and put Tris Speaker in the bar, picked up Ray Caldwell and purchased several youngsters. The Browns sent Pitcher Lowdermilk to Chicago. The Athletics, in addition to the Roth-Shannon-Barry-Strunk deals bought Burrus from Columbia, S. C. In addition to trading Ayers for Erickson, Clark Griffith bought outfielder Murphy from the American association. The White Sox made no deals otherwise than those mentioned above.

## GOLFING CHAMP CAME TO LIGHT VERY MODESTLY

S. D. Herron, Who Captured  
Title at Oakmont Gets  
Praise.

SOME CALL IT LUCK  
But He Grabbed the Honors  
From Field of Stars Just  
the Same.

NEW YORK, Sept. 11.—S. D. Herron, the robust native son of Pittsburgh, who surprised the golfing world by winning the national amateur championship at Oakmont recently, came into the limelight unsung and unheralded.

With the exception of several creditable performances during his collegiate golfing days, which ended only this year, Herron had no reputation that resembled national scope, and his feat of winning the title from a field composed of such stars as Evans, Oulmet, Travers, Gardner, Anderson and many other nationally known and finished golfers, is all the more laudable.

A good many golf critics are inclined to hint that Herron had Dame Fortune standing at his elbow from start to finish, not in his match with Bobby Jones in the final particularly, for that match was decisive, but in many other ways.

One writer, who disclaims any attempt to take credit away from Herron, still leaves the impression that the young player was extremely lucky to have been placed in the half of the draw opposite to that in which Oulmet and Evans were forced to battle their way toward the final round.

Others advance various theories regarding the sudden rise of Herron to the championship, some choosing the weather, which was bad on several occasions, some giving him the edge because he knew the course and "got the breaks" and others offering this and that in a way that indicates plainly enough that they doubt Herron's class.

Perhaps Herron is something of a Jack Dempsey of golf, or a Vincent Richards. Who knows? Because he is inclined to be a bit pudgy, with a lack of physical perfection outwardly and a very unostentatious manner, he doesn't seem to fit into the picture frame designed to encircle the fea-

tures of a national champion. Had a clean-cut, agile and athletic youth like Bobby Jones won the title the critical writers would have found no end to their praise of him. Then, too, Bobby Jones attracted attention several years ago for the first time, and the golfing fraternity is used to him and used to hearing about him.

But Herron, twenty-two, stockily built, a matter of fact player who apparently lacks what is known as "golf temperament," but what is really bad temper, at times, doesn't come in for his proper share of praise from a majority of the wise ones. They just can't seem to get enthused.

For Herron it can be said that he took his golf in the national tourney as it came to him. He had no part in making the draw—that was all in the game—and he had no choice but to take things as all the rest took them, just as they came. That he did just that and did it more consistently than any of the rest is the outstanding feature. It is the answer to whether or not he deserved to win.

Those who predict that Herron will never cling to his title with the tenacity of Evans' Oulmet may come in for a surprise by the time another year rolls around. Again Herron may fall by the wayside before the first golfer he meets in another national event. But, even so, he is the champion and he deserves all the glamour and praise that goes with the winning of the title. In fact, Herron's victory, as we see it, makes golf all the greater as a game.

The famous death scene in "Fedora," when, to save her husband from the disgrace of murdering the woman he loves, Fedora, his wife, takes poison and dies a suicide, is perhaps one of the most dramatic scenes of the new Paramount photoplay starring Pauline Frederick, which will be displayed at the Diamond theater Thursday.

This culminating scene of the great Sardou drama which served as the starring vehicle of Sarah Bernhardt and Fanny Davenport for many years during the last four decades, offers Miss Frederick unusual opportunities for the display of her superb dramatic talents, and it is needless to say that she has availed herself of them to the utmost. All who say her clever portrayal of the stellar roles in "La

## CLEVER CO-STAR IN FILM AT STRAND

Francis X. Bushman and Beverly Bayne, the clever co-star, will be seen in the dramatic Metro play "God's Outlaw" at the Strand theater today.

The play tells the story of a young man who believes that the hand of God is against him. All his desires meet with disappointment—not only does he lose the girl he loves but his mother, to whom he is devoted, succumbs to an illness and passes away. He renounces his religion and proceeds to live his life far from the scenes of his misfortunes. Here he meets a young girl who, by her beautiful character and youthful charm beguiles him from the path of disbelief into the broad road of happiness.

The play possesses power and strength and is added to by a winning romance, which shows the clever

stars in the most satisfactory roles of their career.

They are ably supported by Helen Dunbar, Samuel Kramer, Charles A. Pang, Belle Bruce, Valentine Mott and Emily Chichester.

## ANITA STEWART IN "THE PAINTED WORLD"

The tragedy of a mother fighting finally at the cost of her life to keep her daughter from learning that she made her living as a masked beauty in a Moulin Rouge is pictured in "The Painted World," the Vitaphone picture which will be shown in the American theater Friday and Saturday.

This big, human-hearted drama was written by Jacques Futrelle and especially for Vitaphone and gives Anita Stewart what unquestionably is one of the strongest roles in her screen career. She is Yvette, the tenderly rear-

ed daughter to whom the secret of her mother's life is revealed when her unspeakable father, for the first time comes into her life, brutally tells the truth and boasts that the child, too, shall come to the painted world when he needs her.

The closing scenes take Yvette within the gates, because she has no other way to turn, and they also take her out again. Ralph Ince directed the picture, bringing out with splendid effect all the dramatic possibilities of the script.

In the supporting cast are E. K. Lincoln, Julia Swayne Gordon, Charles Kent and Harry Northrup.

"But wages are only a part of the problem. As big a part is finding a job or having an opportunity to earn wages. . . . Mostly the matter of finding a job has been left to take care of itself. A very important step to minimize unemployment is thru a thoro, nation-wide organization of labor exchanges or employment offices, under public control."

This quotation is from an article by Will Payne.

Whether or not Mr. Payne's plan is desirable, there is already an employment service in daily use which he did not take into consideration.

Every day in the help wanted columns of The Review there are jobs listed. Men who are out of employment can usually find desirable work if they answer these advertisements

Next he claimed Lee King from the Pirates when waivers were asked on the player, and the following day he sent Pitcher Bob Steele to Indianapolis.

Next McGraw sent Eddie Sickling to the Phillies, and when waivers were asked on Pat Ragan by the Boston club McGraw promptly picked the pitcher up. The next move was to send Jim Thrope to the Boston Braves.

Shortly after taking Ragan on, McGraw found him to be of little use to New York and handed him his unconditional release, whereupon he was annexed by the White Sox. McGraw has since secured Gonzales and Snyder from the Cardinals, sending Ferdie Schupp and a bundle of cash to St. Louis. He has also purchased George Kelly from Rochester and Jimmy Dooney from Providence and traded George Smith to the Phillies for Joe Deschler, picked up Arnold Statz and Frank Frisch, collegians and traded Cecil Causey, Deschler, Johnny Jones and George O'Neil to the Braves for Arthur Nehf and a sum said to have been \$40,000. Then there was the Douglas-Robertson deal with the Cubs. Quite a busy season in the player market for Lil' Mac, we'd say. And with all of it he couldn't win, abduct or purchase the National League rag.

George Stallings has also had a busy season. On top of the Nehf, Ragan and Thrope deals with the Giants he

has sold Ed Koney to the Robins, purchased Walt Cruise from the Cards and Boeckel from the Pirates, grabbed Larry Cheney on waivers and released him to the Phillies, to which he also sold Russ Blackburne, and capped the climax by sending Charley Herzog to Chicago for Mann and Pick. Brooklyn, in addition to the Konetchy deal, swapped Lee Magee to the Cubs for Pete Kilduff.

When Gavy Cravath became manager of the Phillies, after their deal with the Giants and Braves, he swapped Doug Baird, Elmer Jacobs and Frank Woodward to the Cardinals for Lee Meadows and Gene Paulette. He then traded Whitted to Pittsburgh for Stengel, but got a bad break on the deal when Stengel refused to report. His last move was the purchase of Cheney from Boston.

The Cubs have registered the Kilduff-Magee, Douglas-Robertson and Mann-Pick-Herzog deals. The Cards sent Dixie Davis to Louisville for Vernon Clemmons, disposed of Cruise, Snyder and Gonzales and dealt with the Phillies as aforementioned.

The Pirates, aside from the King, Boeckel and Stengel deals, sold Ernie Meyer to the White Sox and released Warner to Kansas City. The Reds have made no trades during the season, but prior to that brought about the Daubert, Rath, Raridan and Salee deals. They have purchased the New England League and Charley See from Rochester.

The Red Sox have been active, trading Barry and Strunk back to the Athletics for Roth and Shannon, selling Mays to the Yanks, James to the White Sox and releasing Caldwell and Shean. The purchase of Al Wickland and the sale of Leonard to Detroit are the only deals made by the Yanks since the season opened, aside from the Mays deal with Boston.

Detroit traded Pitcher Erickson to Washington for Doc Ayers and released Cooney to Providence, whence that young man came to the Giants. Cleveland released Lee Fohl as manager and put Tris Speaker in the bullpen, picked up Ray Caldwell and purchased several youngsters. The Browns sent Pitcher Lowdermilk to Chicago. The Athletics, in addition to the Roth-Shannon-Barry-Strunk deals, bought Burrus from Columbia, S. C. In addition to trading Ayers for Erickson, Clark Griffith bought outfielder Murphy from the American association. The White Sox made no deals otherwise than those mentioned above.

# GOLFING CHAMP CAME TO LIGHT VERY MODESTLY

### S. D. Herron, Who Captured Title at Oakmont Gets Praise.

### SOME CALL IT LUCK But He Grabbed the Honors From Field of Stars Just the Same.

NEW YORK, Sept. 11.—S. D. Herron, the robust native son of Pittsburgh, who surprised the golfing world by winning the national amateur championship at Oakmont recently, came into the limelight unsung and unheralded.

With the exception of several creditable performances during his collegiate golfing days, which ended only this year, Herron had no reputation that resembled national scope, and his feat of winning the title from a field composed of such stars as Evans, Quinmet, Travers, Gardner (Anderson) and many other nationally known and finished golfers, is all the more laudable.

A good many golf critics are inclined to hint that Herron had Dame Fortune standing at his elbow from start to finish, not in his match with Bobby Jones in the final particularly, for that match was decisive, but in many other ways.

One writer, who disclaims any attempt to take credit away from Herron, still leaves the impression that the young player was extremely lucky to have been placed in the half of the draw opposite to that in which Quinmet and Evans were forced to battle their way toward the final round.

Others advance various theories regarding the sudden rise of Herron to the championship, some choosing the weather, which was bad on several occasions, some giving him the edge because he knew the course and "got the breaks" and others offering this and that in a way that indicates plainly enough that they doubt Herron's class.

Perhaps Herron is something of a Jack Dempsey of golf, or a Vincent Richards. Who knows? Because he is inclined to be a bit pudgy, with a lack of physical perfection outwardly and a very unostentatious manner, he doesn't seem to fit into the picture frame designed to encircle the fea-

### PAULINE FREDERICK IN DIAMOND PHOTOPLAY

The famous death scene in "Fedora," when, to save her husband from the disgrace of murdering the woman he loves, Fedora, his wife, takes poison and dies a suicide, is perhaps one of the most dramatic scenes of the new Paramount photoplay starring Pauline Frederick, which will be displayed at the Diamond theater Thursday.

This culminating scene of the great Sardou drama which served as the starring vehicle of Sarah Bernhardt and Fanny Davenport for many years during the last four decades, offers Miss Frederick unusual opportunities for the display of her superb dramatic talents, and it is needless to say that she has availed herself of them to the utmost. All who say her clever portrayal of the stellar roles in "La

# CLEVER CO-STARS IN FILM AT STRAND

Francis X. Bushman and Beverly Bayne, the clever co-star, will be seen in the dramatic Metro play "God's Outlaw" at the Strand theater today.

The play tells the story of a young man who believes that the hand of God is against him. All his desires meet with disappointment—not only does he lose the girl he loves but his mother, to whom he is devoted, succumbs to an illness and passes away. He renounces his religion and proceeds to live his life far from the scenes of his misfortunes. Here he meets a young girl who, by her beautiful character and youthful charm, beguiles him from the path of disbelief into the broad road of happiness.

The play possesses power and strength and is added to by a winning romance, which shows the clever

stars in the most satisfactory roles of their career.

They are ably supported by Helen Dunbar, Samuel Kramer, Charles A. Fang, Belle Bruce, Valentine Mott and Emily Chichester.

# ANITA STEWART IN "THE PAINTED WORLD"

The tragedy of a mother fighting finally at the cost of her life to keep her daughter from learning that she made her living as a masked beauty in a Moulin Rouge is pictured in "The Painted World," the Vitaphone picture which will be shown in the American theater Friday and Saturday.

This big, human-hearted drama was written by Jacques Futrelle and especially for Vitaphone and gives Anita Stewart what unquestionably is one of the strongest roles in her screen career. She is Yvette, the tenderly rear-

ed daughter to whom the secret of her mother's life is revealed when her unspeakable father, for the first time comes into her life, brutally tells the truth and boasts that the child, too, shall come to the painted world when he needs her.

The closing scenes take Yvette with-in the gates, because she has no other way to turn, and they also take her out again. Ralph Ince directed the picture, bringing out with splendid effect all the dramatic possibilities of the script.

In the supporting cast are E. K. Lincoln, Julia Swayne Gordon, Charles Kent and Harry Northrup.

## Why are you out of a job?

"But wages are only a part of the problem. As big a part is finding a job or having an opportunity to earn wages . . . . Mostly the matter of finding a job has been left to take care of itself. A very important step to minimize unemployment is thru a thoro, nation-wide organization of labor exchanges or employment offices, under public control."

This quotation is from an article by Will Payne.

Whether or not Mr. Payne's plan is desirable, there is already an employment service in daily use which he did not take into consideration.

Every day in the help wanted columns of The Review there are jobs listed. Men who are out of employment can usually find desirable work if they answer these advertisements promptly.

If the jobs offered do not "fill the bill" the Situation Columns of The Review will put you in touch with employers who have need for your services.

### OIL SHARES LEAD INVESTMENT FIELD

Struggle of Petroleum Giants for the Leadership Manifested in Immense Operations in North Central Texas.

New York, Aug. 4.—The oil business is now leading in the investment and speculative field. Standard Oil of New Jersey will issue \$100,000,000 7 per cent preferred stock; the new Transcontinental oil is quoted about \$100,000,000; the Sinclair Oil corporations are planning to spend \$100,000,000; the Doheny oil interests are in the \$100,000,000 class and more than \$100,000,000 has been bid for Texas Pacific Coal & Oil Co.

### Make Your Money Earn Money

The man who tells you it is unwise to put money in a savings bank to earn only 4 per cent is dead wrong—and he knows it, too. It is the safest place in the world to put your money because you know where it is and can get it any time. Nevertheless a man should speculate with some part of his savings or earnings and he must do this if he wants to make greater profit. A man with a hundred thousand to a million dollars can afford to invest in four or five per cent interest bearing stocks and bonds—there is scarcely any risk in that plan, although they may decline in market value. He is satisfied with the income derived and usually doesn't have to worry very much, but he certainly didn't make his pile by saving small sums, which only earned small rates of interest.

Scruby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

## Clean Up Poison Soaked Kidneys Advises Dr. Carey

Thousands Die Every Year Because They Allow Poisonous Deposits to Accumulate in Kidneys.

Don't flush your kidneys with harsh makeshifts says Dr. Carey, they are too frail and delicately constructed to treat them rough.

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price.

Beware of kidney disease, thousands die of it every year who ought to be enjoying the blessings of life and health.

If you have specks floating before the eyes, puffs under eyes, clammy feet or moist palms, backache or headache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has conquered thousands of cases of kidney and bladder diseases and is the medicine you can always depend upon.

IMPORTANT—Dr. Daniel G. Carey has been a practicing physician for many years and his great prescription, "Marshroot," has cured thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores in order to accommodate his patients. T. Reed Ashbaugh can supply you.
